Narrow Escape at Mill Street Crossing

On Thursday morning Mr. William
Kelly, a fruit merchant, had just driven
up Mill Street crossing of the Canadian
National Railway when he ob-
served a freight car shunting along the
track and about to run over him. He
turned his Ford to the railway track
to escape the impact, but the hawking
car struck his motor. One wheel was
sheared off, but apparently not much
damage was done. Mr. Kelly
feels that he had a remarkable escape
from serious injury. He says there
was no one near to give any alarm
that the train was backing over the
crossing and he heard neither bell
nor whistle.

Sunday School Rally Day

The entire congregation joined in the
rally day service of Knox Church Sun-
day School last Sunday morning. The
theme of the rally was "How the
World Has Changed Since Jesus
Lived." Sunday School children's
Sunday School rally was ably conducted by
Miss Minnie Z. Bennett, Principal of
the Primary School. The scholars who
assisted proved their knowledge and
knowledge of the lessons studied dur-
ing the quarter. A feature of the serv-
ice was an address to the scholars,
Mr. E. J. Stewart, B. E. E., of
Knox Sunday School, Toronto. He spoke
out in very forceful terms the value
of putting the right things into life,
and aptly illustrated the points of his
address with illustrations of his
own life.

Mr. Moore's intention was to
give an illustrated talk upon the
things and places we should admire in
Canada, and the reasons we have
for gratitude to God in our country.

Mid Weather Predicted for Fall

An Indian trapper in Northern Ontario
gives it as his opinion that the
North Land will have a lot of pleasant
weather in the fall. He based his
conclusion on the fact that the
talk of an early and severe winter
is all hokum. He based his prognostication
upon the signs he noted in the
bus and among the animals and also
part to feather coat and hair.

There was some fine grain and roots.
Potatoes were plentiful and excellent.
The market was general to cultivate more
crops given the following year.

Acton Citizens Band did its full
share in providing exciting music on
the evening of the first day and all
afternoon yesterday.

The entries in ladies' work—useful
and fancy—were very numerous, and
made a fine showing across the entire
stage. The entries in boys' work were
done down each side. There was also a
ratifying volume of fine and decorative
arts and children's work.

The fruit department had a lot of
entry, and the fresh apples were
in the special lists were rather meager.
