"GOOD" WHISKEY

It is frequently said that the poor

quality of the whiskey sold by the

bootlegger causes a great deal more

harm than would be done by "good"

whiskey. As to that, it is to be re-

marked that in the days when "good"

whiskey was plentiful, every hospital

had its ward for delirium tremens

patients, and every mouth or two, one

heard of severe cases. To-day, the

disease is practically unknown. Every

town had its physical wrecks, on the

way to premature graves because of

their addiction to drinking "good"

whiskey., in Orillis, we could at-

ways count, half a dozen of them. It

"good" . whiskey that a little lad of

twelve or fourteen met his death in

Orillia shortly before local option

came into effect. It was "good" whis-

key that was responsible for the fatal-

ities from drowning, railway accidents

and similiar causes that were fre-

quent occurrences when the genuine

article was readily available. The

quality of the whiskey sold by the

bootleggers to-day max, not be as

of prohibition, but it does not seem

to produce the same evil consequences.
