## 126 Names Added

At the Revising Officers' Court Held Here Last Friday

er's Court held in Acton last Friday by Mr. Victor Chisholm, of Milton, 126 names were added to the Voters' Lists for the vote at the coming Ontario Temperance Act Pieblecite on the 23rd inst. These additions were made to the list of 1924, finally revised by Judge Elliot on September 25. The appeals presented to the Revising Officer were all submitted through Municipal Clerk H. N. Farmer. The names submitted by Mr. C. C. Henderson. President of the Prohibition Committee of Acton, were all allowed. No person appeared for the Moderation League, but a list was submitted by Mr. Hiram A. Swackhamer, which he stated was for the purpose of having a complete list in view of a possible Dominion election. It was explained to him, however, that this list would not be used for a Dominion election, inasmuch as the Federal

set may be compared to the Ford

multiple tube sets can be cum-

pared to the higher priced cars.
The Ford car dobs the service
and takes its owner where he

wishes to go, just as well as a \$10,000 car does. It all comes

down to the question of price

Coming now to multiple tube

note it should be understood that

as a rule if takes a three-tube set to therate a loud speaker. While serials two-rube sets will bring in loud stations with fair

volume they cannot be railed upon to do so under all cirqum-

-as has been already mentioned

-that the multiple tube set does

not necessarily bring in any more

distant stations than the single

tube set. What it does, however,

is to bring them in much louder.

It might be said that the more

tubes are used, the louder will

be the broadcast reception; but

unless the set is a very unusual one, it is not actually more sen-sitive than a well designed single

tube set. 'The exceptions to this

are some of the well-dealgned.

tuped radio frequency sets and a no Super-Heterodyne class. Most of these sets cover greater

distances than the single tube
