St. Alban's Rector in the Hospital

For some time Rev. G. H. Baugh, Rector of St. Alban's Church, has been threatened with appendicitis. He persisted in continuing his work, but was notified by a doctor that he was suffering from the disease. He was taken to the hospital on Thursday and underwent an operation. The complications were serious and he is now in a critical condition.

Sunday Hunting is Illegal

On Sunday forenoon Mr. A. J. Murray, of Clarendon Farm, had occasion to visit his farm for the purpose of having discovered a gang of hunters, with hounds and a motor car, hunting in the swamp there. He immediately ordered them off his premises, and they departed in a rather ugly mood. They returned to the swamp on Monday and the penalties for infraction were severe. The act of trespassing on a man's farm is not punishable, and it is a crime to hunt on a man's land without his consent.

How Aston Escaped the Thieves

Last week two of the three thieves who effected an entrance to the Georgetown Creamery on the night of Acton Fair, were sentenced to three months in jail. The information has been given by one of the thieves who turned King's evidence, and was set out on a suspended sentence that the first of the thieves had been taken to Acton. About eleven o'clock that night they went to the Acton Creamery, unlocked the door with the purpose of loading up the milk. Fortunately he had shipped out his stock a day or so before, and there were only very few cans of creamery, and the wrappers of this bore the Acton Creamery's name. It was left and the thieves proceeded to Georgetown, where they secured the twenty-three boxes, worth \$500 worth. The first of the thieves, who had been taken up for trial before Police Magistrate Josiah at Toronto last Wednesday. Evidence of the sale of only five boxes to the firm was available, and the member of the firm who had bought it, was expelled from the firm, received his financial share, and left the country. Mr. Hare received only \$22 of the value of the butter as a result of the trial.

Trafalgar Roads Officially Opened

Two pavements on the Seventh and Second Line Roads of Trafalgar Township were opened Saturday by J. L. Mulro, Deputy Minister of Highways, in the absence of Hon. Geo. H. Henry, who is ill. Mr. Mulro first declared the Seventh Line Road open at Postville, whereupon the entire party, consisting of Trafalgar Township Council, Halton County Council, Oakville Town and Township Councils, ex-Councillors and township officials and several others, among them the men who have been in charge of the road construction, were driven down the road in question. The procession then turned north on the newly opened road to Palermo, at which point it turned east back to Postville, where, at a o'clock, the ladies of the village gave a banquet in the Township Hall to the 175 who had been present at the opening. Community singing, the W. H. Dyer, was a feature of the evening's entertainment, while addresses were given by George Mulro, Deputy Minister of Highways, and Judge J. W. Elliot. Rev. W. H. Dyer, of Trafalgar, Mayor A. S. Foster, of Oakville, and Mr. G. W. Gregory, while Mayor Grant, an old resident, gave an interesting account of life in the district half a century ago.

Ontario Endorses the Ontario Temperance Act Strongly for Third Time

Every Town and Every Township in Halton Gave a Dry Majority

562 CITIZENS OF ACTON VOTE AGAINST GOVERNMENT SALE OF INTOXICATING LIQUOR

For the sixth time the electors of the Province of Ontario have said emphatically by their votes: "No more legalized sale of intoxicating liquors within our borders." The Government's propaganda was not popular. The sophistries and cunning of the campaign were too thin to fool the sober Ontario voter. The humbler voter, who desired to stand for a sober Province, and the elimination of temptation for the weak and unwary.

This was expressed on Thursday by a majority of over 40,000 in a large total vote of the electors. The aggregate vote on the one hand, and the big majority on the other, have absolutely no doubt as to the Provincial and Ontario. It is the popular will that this unholy and demoralizing traffic in intoxicating liquors, which the Dominion Government has so far failed to suppress, should be abolished.

When it is seen that nearly all the counties of Ontario have voted "dry" and most of them by a decisive and overwhelming majority, the will of the people is clearly manifested, and it is acknowledged by Premier Ferguson that the time has come when the liquor traffic should be abolished.

The women of Ontario have been largely influential in bringing about the splendid result obtained. And why not? Who has suffered so much of late from the ravages of alcoholism, as the mothers and wives of the land, when the sale of intoxicating liquors is prohibited? Think of the mothers, wives, sisters and daughters who have the franchise; and most of them are abolitionists. The will of the people has been expressed in Ontario for generations. The women of Ontario are not only the moral backbone of the province, but they are also the backbone of the liquor traffic. They worked. They "manned" the polls; they escorted their sisters to the polls; they cheered their brothers and sisters when they voted. They were the backbone of the liquor traffic.

The following are revised figures on the Prohibition vote:
