At-a session of the Police Court here last Thursday judgment was given by Police Magistrate Moore in the charges preferred the week before by Chief McPherson against Tony Stynuk for

violation of the Ontario Temporance In the charge for selling intexicating liquor, evidence had been adduced showing that several persons had purchased \$02 Invalid Fort at Beynuk's restaurant, and had been convicted for being intoxicated from drinking this liquor, some of it had been drunk on the premises, and some had been purchased and drunk elsewhere. . A 'conviction was made and the defendant was fined \$200 and costs or three months in fall.

A charge for having liquor wus a second offence. Inspector Reevely had visited the restaurant and solved eight cases of 303 Invalid Port. An analysis showed this wine had an alcoholic content of 25.42%. The evidence showed that Tony had first gotten in a small quantity of this beverage. It sold so well that he placed an order for ffty cases. Part of this was shipped to him after the figuor had been banned by the Ontario License Commission. This invalid Port was ordered not to be sold even in drug stores, but this restaurant continued to sell it up to october 2, when the Impector solved the balance of the stock on hand. Scynuk, having been previously convicted for having liquor in his premises, this was his second offence. The penalty for second offence is \$200 to \$2,000, and two to six months in iail. The penalty imposed was \$500 and two months in jails. In default of payment of fine, imprisonment for Mr. and Mrs. T. L. Lyle, of Brant- three months additional.
