Field Crop Competitions

Action Fair has secured per-
mission from the Department of Agri-
culture to enter the Combined
Field Crop and Seed Grain
Competition in Elora, Ontario. This
should create a wide interest and the
new feature will no doubt enhance the
good feelings for the fair generally by
the farmer patron.

County Expenditure on Roads

The County Council will hold a
general meeting at 10 a. m. Thursday,
March 5, to consider the estimated
amounts for field crops and seed grain
clay products for electric fixtures. The
klims and ovens were not damaged, and
operations in this department are be-
ing continued.

It is probable the building will be
rebuilt at once.

It is Sometimes Amusing:

The Plattsburgh Echo rises to remark:
"It is funny how some people dis-
cover the great importance and in-
fluence of their local newspaper when
they leave it." The paper has lived for
years without subscribers, and when asked
to advertise say, "It doesn't pay." But the minute they get into
some trouble things look different,
and the next camp to go to the editor
quick enough to ask him, "Why don't
you say anything about it in the paper? Why?"

Mrs. A. G. Clarridge Painfully Injured:

When Mr. A. G. Clarridge was re-
turning from town on Tuesday even-
ing, 7th inst., about ten o'clock, he had
become frightened at the Queen
Street bridge, Guelph, when a
freight train was approaching. Fortu-
nately the animal did not attempt to
cross the track, but turned and ran
along the side. This course was
very fortunate for Mr. Clarridge
who was thrown out of the carriage
and sustained painful injuries by the
fall. His daughter, Genoelle, came
along shortly after, and assisted him
home. Mr. Clarridge is still confined
to bed, but is recovering nicely.

Dr. Peter Stuart at Rochester, Minn.

Dr. Peter Stuart, of Guelph, left last
week for the noted Mayo Brothers
Institute at Rochester, Minn., to under-
go a serious operation. The Doctor
had been poorly for some time and it
was diagnosed that an operation
was necessary. He was accom-
panied by his brother, Mr. W. J.
Stuart, of Burlington, and had visited
several prominent man in the
country, in critical cases. He is held
in high esteem as one of the most
skillful surgeons who has ever
practiced in this district. People gen-
erally are anxious for his speedy re-
covery.

443 Students at the O. A. C.

The experimental farm at Guelph,
operated by the Ontario Government in
connection with the Ontario Agricultural
College, enrolls nearly \$50,000 last
year, although it was not open for
teaching. On both college and the
farm province spent \$60,000, but the college
alone produced a revenue of \$130,000.

The farm produced in 1924 a revenue
of \$18,000. The dairy department earned
\$7,000. The poultry brought in
\$12,800. The number taking that general
course at the college was 443,

and the students were present at the
annual meeting at Saal St. Mary's at the
feast of the year.

Mr. Young has for years been
the Superintendent of the Gov-
ernment Experimental Farm at
Richards Landing. This family
consists of two sons and three daughters
of whom all but one daughter sur-
vive. William, of Houghton, Mich.,
C. W. home, Mrs. D. C. Russell,
Richard—Lester, Mrs. A. C. Chear,
Edna, a member of the Presbyterian
Church. When the United Church of
Canada was organized at Richards' Landing
she and her family united with the
new church.
