THE SUNDAY SCHOOL LESSON

FOR SUNDAY APRIL 19

LIFE IN THE EARLY CHURCH-Acts 4: 32-37. Golden Text-The multitude of them that believed were of one heart and of one soul-Acts 4: 32. Time-A. D. 30 or later.

Place-Jerusalem. The Lesson Explained

1. A Spirit-filled Church. Acts 4 Some time has passed since Pentecost, a year or more, but still the unity and love of the early church abide. It was deep-scated and permanent, Its source is found in verse 31, "They all were filled with the Holy Ghost," Unity and love are to be seen in genuine Christianity in every age, but the forms of their expression may differ, even as they did in the early church for we find no community of goods outside Jerusalem, but no true Christian regards aught of the things which he possesses as his own (verse 32, cf. 1 John 3: 14, 17, 18). The power of the Holy Ghost was manifested, not morely in love and unity which He produced in brotherhood, but in their testimony | 9 In the direction of. for the Lord Jesus, "with great power 10 Printer. gave the apostles witness to the re- 12 Soldier (ab.). surrection of the Lord Jesus." There is 13 A man's name. (ab.). individual beliver and the church today than a new filling with the Holy 16 Not one. Ghost, that there may again be a 20 To support; give succor. manifestation of love, unity and of 23 A non-commissioned member of power like that of which we hear here. verse 33 is a peculiar word, it occurs 47 times in the New Testament and al- 25 What we should keep out of. ways has in it the thought of giving 28 Near. something due-"their witness of the 29 A signal used by sailors.

FACTS ABOUT TEA SERIES-No. 3

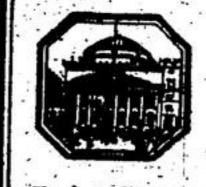

Mountain-Grown Teas Best

The tea plant grows best in the pure cool atmosphere of a mountain tea garden. The higher the garden, the finer and more delicious the flavour of the tea. This is partly due to the clear sunshine on a high mountain side, partly to the more invigorating air, partly to the more frequent rainfall and perfect drainage. The largest and roughest leaf grown at an elevation of 7000 feet is much superior in flavour to the tiniest tip grown only 2000 feet above sealevel. All teas used in the "SALADA" blends are grown from 4000 feet to 7,500 feet elevation. The trademark "SALADA" is a
