The announcement comes from the Provincial freasury that the deficit for Ontario, which was \$3,000,000 last year, is about \$6,000,000 this year. One cause of the deficit is the fact that the estimated revenues from 4.4 beer and other "soft" beverages, of \$2,200,000 has been only \$250,000. The tax on gasoline is also about \$300,000 lower than the estimate.
