A WHOLESOME BAKED DINNER

Most housewives do not realize that oven dishes require really less attention than those prepared on top of the stove. But those who are fortunate enough to have self-basting enameled ware roasters, know from experience that this is a fact. The oldfashioned way of basting the meat every ten minutes or so did keep one almost constantly on the job if the meat was to be well-flavored and wellbrowned.

The enameled ware roaster, which not only roasts but bastes as well, has eliminated the attention and thought that the old method involved. Roasts are said to be much better for one than fried foods and an additional advantage is that potatoes
