Don't Shirk Responsibility

We are on the threshold of a New Year. Naturally, as thoughtful people, we give some reflection upon what the year is to bring to us. To get the very best out of it we must be prepared to shoulder the responsibilities of life, as members of the home and members of the community. To envy the people who always get out of things is a mistake, though sometimes the temptation to do so is very strong. We all know people who succeed in dodging all responsibility, in side-stepping whatever is hard, and leaving others to shoulder the burdens. Most of the time they are mere onlookers, and when we realize what an easy time they have, we sometimes wish we were like them. On second thought, such immunity is dearly bought. Responsibility develops character. The people who tackle difficulties and get the better of them, soon are fitted to cope with hard-The shirk, on the other hand, weakling. The onlooker at life misses all that makes it worth living.

Pilgrims of the Press

W. Rupert Davies, President of the British Whi Publishing Co., Kingston, late President of the Canadian Weekly Newspapers Association, has just published in book form the story of the tour of the Canadian Newspaper Editors and their wives Europe in 1924. Mr. Davies organized this remark able visit to Great Britain and the Continent, and had much to do with carrying it to the successful consummation which the members of the party experienced. Being on the inside of all the arrange ments, Mr. Davies was better fitted to write this in teresting description of the trip than any other mem ber of the company. The story is aptly told and the interest in the itinerary is admirably sustained in all details of the prolonged trip through the various countries visited: . Much interesting information is given respecting the receptions by Kings, Queens, Presidents and men and women in high positions, politically and socially; as well as respecting the over is indicated by reports reaching the Department palaces, castles, homes and historical places visited. of Commerce and other Government and private Mr. Davies was generous in distributing a number agencies both in Canada and the United States. of these well-printed and illustrated 225 page volumes among members of the overseas party as a

May We Have a Get-Together Year?

In many respects we have in Acton an ideal town, offer a welcome to all, manufacturers which give per- a very salutary effect in removing the cause of dis manent employment, tidy streets, excellent highways, turbance. Last week 700 constables of the Ulster convenient steam and electric railway service, and Special Constabulary were paid off, being given pay withal a patriotic citizenry. In one respect there is for January and February as well as for December. room for improvement. We would make even better every thought and action of every individual. Towns late through all channels of trade, that are giving evidence of the greater progress are showing this spirit. As a town we cannot hope to in bringing our people into closer citizenship. We often-and send it early. should be awake to our opportunities and it is essential to our well-being that we stay awake. We many ways. 4
