A lot of heartache and despair, A lot of fear and trying dread. And sometimes many tears-are shed In payment for our bables small, But they are really worth it all.

For babies people have to pay A heavy price from-day to day; There is no way to get one cheap, Why, sometimes when they re fast

You have to get up in the night With what they bring of joy and bliss appear in the role of thieves and rob-

Who buys a baby has to pay portion of the bill each day; He has to give his time and thought Unto the little one he's bought. He has to stand a lot of pain Inside his heart and not complain, And pay with lonely days and sad For all the happy hours he's had-All this a baby costs, and yet. His smile is worth it all, you bet. -Edgar A. Guest.

## "Some Music Every Day"

That is the recipe for Happiness which you see recom-

mended in Mason & Risch advertising. Its source is in the experience of mankind—the knowledge that music is an influence for family contentment the world over-regardless of race or any other division. Where there is no hearty Life in the Home Life, you will find no music there. Home Life should be dominated by the spirit that Music prompts—the family spirit of sympathy and light-heartedness, buoyancy and vigor.

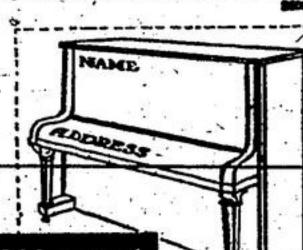

If you would put Life into your Home Life, make sure that at least one member of the family learns to play. And let the family enjoy good music-the music obtainable from an instrument of pure tone.
