Street Improvements at Oakville A gang of workman started operations on Monday tearing up portions of the sidewalks in the business section of Colborne Street and destroying the curb at different places. This was preparatory to widening the sidewalks on both sides of the street and making them conform to the levels of the highway pavement. The change should add materially to the appearance of the business section of the town. The strip between the sidewalk and pavement is being filled with concrete, thereby widening each walk about five feet .- Star.
