OUT FISHIN'

A feller isn't thinkin' mean, His thoughts are mostly good an' clean Out fishin' He doesn't knock his fellow men, Or harbor any grudges then; A feller's at his finest when Out fishin'.

The rich are comrades to the poor Out fishin'! All brothers of a common lure, Out fishin'! The urchin with the pin an' string Can chum with millionaire an' king; Vain pride is a forgotten thing, Out fishin'.

A feller gits a chance to dream, Out fishin'! He learns the beauties of a stream, Out 'fishin'! An' he can wash his soul in air That isn's foul with selfish care, An' relish plain an' simple fare, Out fishin'.

A feller has no time to hate, Out fishin'! He isn't eager to be great, Out fishin'! He isn't thinkin' thoughts of pelf, Or goods stacked high upon a shelf, But he is always just himself,

A feller's glad to be a friend, Out fishin' A helpin' hand he'll always lend, Out fishin'! .The brotherhood of rod an' line An' sky un' stream is always fine; Men come real close to God's design, Out fishin'.

A feller isn't plotting schemes, Out fishin' He's only busy with his dreams, Out fishin't His fivery is a coat of tan; His creed: to do the best he can; A feller's always mostly man, Out fishin'.

-. B. K., in Herald and Presbyter.

It Works For You

Advertising gets out and hustles for you. Did you ever think of that? Longheaded business men are quick to put advertising to work for them and keep it at work.

Advertising in THE ACTON FREE Press can be made the most useful and productive employee.

Advertising is an employee that never loafs on the job, or quits or gets temperamental and has to be coaxed. Advertising pulls its share of the load always ----cheerfully and willingly, and with real results.

The thrifty housewife, who does 90 per cent. of the purchasing, is a systematic and intelligent reader of advertisements.
