# Two Trouser Suits And Overcoats

\$21.00

When visualizing these Coats and Suits, we ask you to eliminate from your mind the kind of clothing usually sold at \$21. These are emphatically to be classed in much higher grades-

REGULAR UP TO \$35 'Twas a special buy from a prominent Eastern manufacturer who had his own good reasons for letting them go

at an enormous discount. Rather than put them into stock and mark them at their regular valuation, we are passing on the whole savings com-

plete to our customers who have a shrewd thrift sense:

## TWO HUNDRED OVERCOATS

Both medium and heavy winter weights. Patterns and models right up to the minute. Two hundred to choose

# THE SUITS WITH EXTRA TROUSERS

Smart single and double breasted styles in tweeds of rich color mixtures, medium and dark shades. Every suit with two pairs of trousers. Sizes 34 to 44.

Also Blue Suits, taken from regular stock, with one pair of trousers. All wool cloths, guaranteed colors. Single and double breasted. Formerly up to \$39.50. Two hundred suits altogether at \$21. You'll be many dollars in pocket if you come to Guelph for one of these.

#### GUELPH'S LEADING AND LARGEST STORE

# W. D. TALBOT

Phone 76-We Deliver - Main Street just around the Corner

# R-A-D-I-O

Following is a brief description of two of the Radio sets we are featuring this year, and we will be pleased to demonstrate them in your own home.

Atwater Kent

# Six Tube Receiver

The righ, dark brown crystalline Cabinet is made to-shield completely the electrical assembly inside. The set is non-radiating and non-squealing, is selective, and has splendid volume and tone. Having only the ONE DIAL, it is very easy to tune in stations, taking less than a second to turn from one station to another...

This Set at only \$98.00 is wonderful value

# Deforest & Crosley

The compact, trim appearance of this five-tube T. R. F. model, devoid of all old-fushioned dials and controls, is expressive of an efficiency providing tremendous range and power.

The circuit is new embedying the Wheatstone Bridge principle of balance. It reproduces with unusual-vitality and realism of tone. is extremely selective, is non-oscillating and non-radiating. The new D-C station selector permits tuning with one hand. The all-steel chassis shields all component parts from interference. The cabinet by McLagan is of selected walnut.

Price need no longer be a deterrent to purchasing Radio. as this Deforest & Crosley set at \$78.00 will give you the utmost satisfaction. This set was heard as far as Cobble Hill on election night.

ABOVE PRICES ARE WITHOUT EQUIPMENT

#### RALLY DAY SERVICES Impressive Programmes by the Sun-

day School of Knox and the United

Washington.

Churches The Sunday School Rally Day service took the morning service at Knox Church, and was most interesting in all respects. The responsive exercises, the recitations by the scholars, the

singing and the orchestral numbers were all interesting. The feature of the service was the presentation of diplomas by the Superintendent, Mr. W. M. Cooper, to the graduates of the various departments of the school, and the address to the graduates by the pastor, Rev. A. C. Stewart, M. A. The congregation had ample evidence that the Sunday School is doing effective work which church and the community.

The Sunday School of the United Church made their Rally Day service a special one, and held it at 2.30 in the afternoon in the auditorium of the church. There was a large attendance by both scholars and visitors. The slogan of the day was rallying for service, and the programme breathed forth of loyalty and service to God, to the church and to the school. A pageant, "United for Service." was exceedingly well presented. Its leading thought was the strength of the United Church in its new oppor-

Canada and abroad where it has not hitherto been proclaimed. For the success of this feature much credit is due to the pastor, Rev. R. E. Zimmerman, B. A. During the service a presentation was made to the Tuxis Boys of a framed "picture" of "Sir Galahad, the much-admired pattern, whose character the boys aim to imitate. Miss Minnie Z. Bennet and the Superintendent, Mr. A. T. Brown, made the presentation on behalf of the school, and

Master Elvin Gamble, of the Tuxis Class, replicd. · A special offering of \$25.60 was given for the funds of the Sunday School

#### Department of the General Council. FALL FAIR NOTES

A good many people, including the officers and directors, are really thankful for the weather with which the Fair was favored. The new ladies' rest room on the

Fair Grounds was much appreciated. The new judges' stand on the park track Jooks like an indication that trials of speed are to continue to be a feature of the Fair. A good many people would like to see the cattle receive like consideration. A very fine exhibit of cut flowers was made by Mr. Frank Morgan, of the Runneymede Nurseries, which was admired by all visitors, A section devoted to dahlies was especially credit-Brood Mare-J. McLean, John Graff, lable, and many flower lovers consider-Toronto Exhibition. The collection indisplay the products of his gardens. It added considerably to the splendict showing of the floral department. One of the most interested and happy visitors to the Fair was Mrs.

Ritchie, widow of the late James Ritchie, for years superintendent of Werks, of Guelph. Mrs. Ritchie, who s in her 92nd year, met many old friends in Acton during her visit. The Toronto Telegram says: "In spite of the weather, the annual fair at Acton was an unqualified success. The rain held off, and the crowds came pouring in. Recent improvements on the grounds, especially around the entrance, have brought the appearance of the grounds up one nundred per cent."
