THE-MUNICIPAL-COUNCIL-OP-FIFTY YEARS AGO From the files of the Funt Punts for 1877 I find that the Village Council of that day had their problems and perplexities, as has our municipal government of to-day. "At the first weeting Reeve McGarvin spoke of the large number of "tramps" that infested the village, stating that the money that had been placed in his hands for temporary relief had been exhausted. He suggested that another sum be granted and placed in the hatids of some other member ur the Comicil for distribution. He understood fault had been found with the way he had previously dispensed these small chartties to tramps and he would prefer some other member should be made the custodian of the charity fund. Mr. David Henderson and others disclaimed any knowledge of faultfinding or reason to think that the lteove had done anything but what was perfectly justifiable.

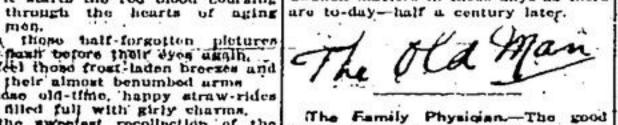

Mr. D. D. Christin moved and it was ullan inously agreed that \$10.00 be devoted to charity and that the Hoove should have the "honor" which justly belonged to him, of dispensing. At the same meeting D. D. Christie moved and C. H. Hmittr seconded, a resolution that Mesers. - Henderson, m and Cartalle be a contrallice to confer with the Trustees of the Temperance Hall, with a view of securing their co-operation in the construction of a lock-up in connection with their
