THURSDAY MORNING, MAY 5, 1927

EDITORIAL

Mother's Day

Next Sunday will be observed as Mother's Day all over this continent. The observance of this day has grown in a few years until now every son and daughter looks upon it as always having been and sets apart that day to send mother a remembrance to reverberate in her memory.

Courtesy a Distinction

A reputation for courtesy is a distinct asset to an individual or to a nation. Canadians for many years have had that reputation. Many tourists have commented on the courteous treatment they have received while in the Dominion and have made no secret of the discovery.

A Splendid Community Spirit in Acton

It is interesting to note the fine community spirit in Acton and it has been driven home more forcibly than ever during the past few weeks in reading of the proposed celebrations of the Dominion Diamond Jubilee in various towns.

Buy in Your Home Town

The Port Arthur News Chronicle makes a strong appeal for recognition of the claim that the local merchants have on the citizens. As this applies generally to every other village or town, we reproduce a paragraph or two for home-consumption.

Building Active, Costs Low

Building permits issued by 63 cities in Canada during the month of March this year had a total value of \$11,641,427, an increase of \$3,802,875 or 40.7 per cent. over February, 1927, and about 10 per cent. over March last year.

The Auditor's Report

The auditors' report for 1926 has been printed and is in the hands of the Clerk ready for distribution to any ratepayer. It is a mine of information on the workings and financial standing of the town.

A Newspaper's Faith

There are certain critics of newspapers who apparently have little conception of the work that the newspapers are doing in the world. There was a time—our grandfathers can recall it—when there was comparatively little in the average newspaper to rouse a man from his dreams.

Investigation—What Next?

For the past few weeks the public has been given an insight into the workings of the customs in several departments. The more it has been investigated the worse it grows. The liquor interests have had a hand in the matter and dragged various officials and the law down to their own level.

EDITORIAL NOTES

Besides the usual May events of trout fishing, Empire Day and Victoria Day, the May of 1927 will witness the inauguration of Government Control.

The Council is to be commended upon taking the initial step for getting the Jubilee Celebration underway. The rest is up to the citizens. The first duty is to attend the meeting and help.

The Province of Alberta will spend \$2,400,000 on highways and bridges this year, according to a statement made by Hon. O. L. McPherson, Provincial Minister of Public Works.

In view of the difficulty of financing the affairs of this great Province the people of Ontario should hold in grateful remembrance the stout heart and efforts of ex-Premier Ernest C. Dwyer.

THE SUNDAY SCHOOL LESSON FOR SUNDAY, MAY 8

General Lesson—Title—Peter and the Resurrection. Scripture Lesson—John 20: 1-10; 1-13; 1-23. (Printed 20: 1-10; 21: 1-17).

Golden Text—I believed in the God and Father of our Lord Jesus Christ, who according to His great sovereignty brought us again into a living world by the resurrection of Jesus Christ from the dead. 1 Pet. 1: 3.

Devotional Reading—Prov. 31: 16, 17, 18, 21, 25-26.

Lesson Themes

In view of the fact that the lesson of April 17 was postponed entirely with the resurrection, it seems advisable that in the consideration of today's lesson should lay our principal emphasis on the latter portion of the lesson.

"Best and most abundant," it is well to remind ourselves occasionally that our Lord's disciples were ordinary men, human, and very human. As I. piece learned Dr. Campbell Morgan says: "Peter was a fisherman, but he was not a fisherman in the usual sense of the word."

Jesus in Galilee, had but a faint memory of the things that had happened in the past. He was a man of the present, and he was a man of the future. He was a man of the present, and he was a man of the future.

For Study and Discussion Describe Peter's experience on the morning of the Resurrection. Were the disciples excited by the Resurrection? Tell of Jesus' appearance to the Sea of Galilee. Why do you suppose the disciples were so excited? What did Peter suggest a fishing trip? What led Peter to suggest a fishing trip? How did Peter respond? What was the true significance of conversion? What great privilege does God give to the converted?

Daily Readings for Next Week

Monday, May 8—Acts 1: 1-21; Tuesday, May 9—Acts 2: 32-34; Wednesday, May 10—Acts 2: 17-21; Thursday, May 11—John 16: 7-15; Friday, May 12—Cor. 12: 1-11; Saturday, May 13—1 Peter 1: 1-11; Sunday, May 14—Phil. 3: 5-11.

TWENTY YEARS AGO

From the issue of The Free Press of Thursday, May 9, 1907

Dardanis are a non-dancing, dancing in the sun. "Asker" Brown has succeeded in getting 25 dogs on the roll.

Acton people are wearing in price, in some cases as much as 50 per cent. Contractor Forbes is making good progress with the stone work of the new Johnnie's block foundations.

A. T. Brown has just installed a half dozen new picture post cards, views of Acton and our public buildings. Arbor Day was observed at the school here last Friday and as a result the school grounds present a much improved appearance.

Contractor John Cameron intends to bring the house on Main Street, here in course of construction. He will remove his planing mill this summer.

Mr. E. H. Stone has sold his property at the foot of Willow Street to W. Dwyer for a considerable advance over the price received by the first estate two years ago.

Mr. A. J. Lehmann has given the contractors the plans and specifications for the enlargement and improvement of the Dominion Hotel.

Mr. J. Norwich will leave Acton on Saturday. After spending a few weeks with friends in Dorcas and Burlington, he will go out to North Dakota to visit his quonset. The vigorous lady is over eighty.

Friday afternoon was of signal interest to the ladies of the Women's Institute. It was the annual meeting and election of officers. After the election interest continued with the exhibition of sewing which had been judged and awarded prizes prior to the meeting. This was a new plan, and made a very interesting afternoon.

There was a sad admission. Mr. John Harvey has sold to Mr. W. White the two lots he recently bought on Lake Avenue. Mr. White will erect a residence on the latter.

Mr. James Henderson, Misses Gwynna, who has decided to retire from farming, has purchased the residence of Mr. James Dwyer, Main Street, for \$300. It will remove to Acton shortly.

The Last Asthma Attack may really be the last one if prompt measures are taken. Dr. J. D. Kellogg's Asthma Remedy will relieve you. It will penetrate to the smallest bronchial passage and bring about a healthy condition. It always relieves and its continued use often has a permanent effect. Why not get this long-famous, reliable remedy for your asthma? It is equally effective for cough or vapor if it is usually effective.

MOTHER'S DAY

"Mother's Day" is to be observed in all cities and towns on this continent on Monday, May 8, with special feeling for the expression of love and devotion to Mothers everywhere.

This special day of the year is one of the most beautiful and touching of all. It is a day when we are reminded of the love and devotion that Mothers everywhere show to their children.

"Give a Thought to Mother" is the motto of the day. It is a day when we are reminded of the love and devotion that Mothers everywhere show to their children. It is a day when we are reminded of the love and devotion that Mothers everywhere show to their children.

The observance of Mother's Day is a day when we are reminded of the love and devotion that Mothers everywhere show to their children. It is a day when we are reminded of the love and devotion that Mothers everywhere show to their children.

That laughter costs too much which is purchased by the sacrifice of decency—Queria.

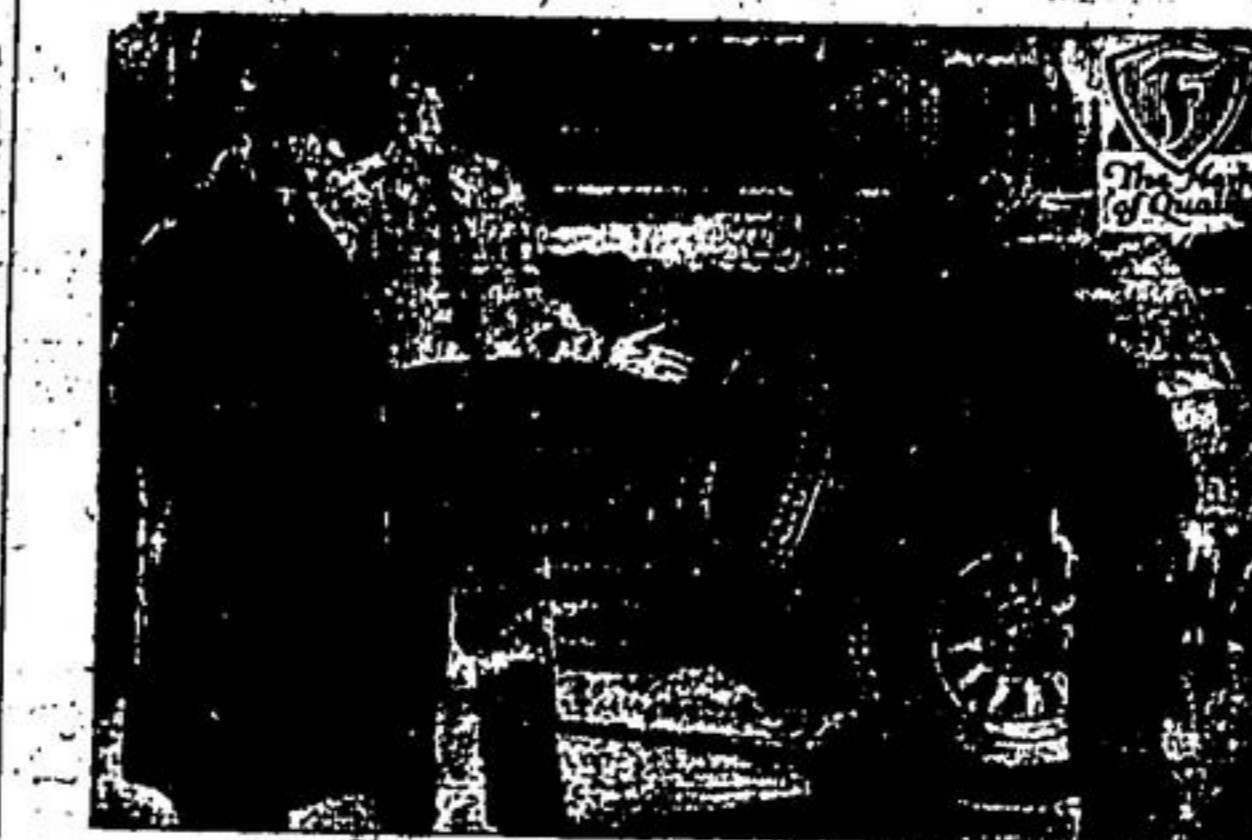

Mercy turns her back to the unmerciful—Queria.

An Oil for All Males—The soldier, the fisherman, the lumberman, the out-door laborer and all who are exposed to injury and the elements will find in Dr. Thomas' Electric Oil a true and faithful friend.

Splendid Washboards Built to Last! Here's a washboard so strong that a big 165 pound man can stand on it without damaging it in the slightest way.
