If Everybody Did It____

week, everybody in town were to shop elsewhere-either in a neighboring town or by mail! Would it not cause consternation, and would not all business houses be very much concerned? They certainly would, and with good reason.

Some Do This Regularly

--- And what is the result? Every dollar sent to distant business houses is gone for good so fur as that particular district is concerned, and merely serves to build up and maintain some distant town. The local husiness men are robbed of that circulation of money which during its ramblings might help dozens along the way,

How About Printing?

All business houses need more or less printed matter, all of which is within the possibilities of the local printer. Yet how prone many are to pass up the home printer and let the orders go to city offices which have no interest whatever in cural communities except to get printing orders and the cash to pay them. Business men, remember that the home paper is constantly promoting the interests of the home community and you owe it to yourself and your local paper to back up these efforts by at least having your printed matter done
