What social evils are prevalent in Canadian life today? Where does the major responsibility for averting these evils rest? To what extent is poverty a problem in our community and Province? In the industrial centers of Canada? In what sense is poverty a social crime? Does the benevolent use of ill-gotten wealth make up for the wrong involved in its acquisition? What are the greatest hindrances to that growth of Canada today?

An Oil That is Priced Everywhere
The Thomas Electric Oil was put upon the market without any flourish over 80 years ago. It was put upon the market to meet the wants of a small section of the world as the needs became known. It had a whole continent for a field, and it is now known and prized throughout the world. There is nothing equal to it.

SARAH'S IDEA OF SECURITY
Sarah and her mother had gone to a neighbor's for a few days to help look for the thieves. Sarah had to go home one morning to do the chores, but she returned in a surprisingly short time, very well pleased with herself.
"Well, Sarah, did you get through with the work already?" asked her mother.
"Yes, ma, I finished the cow, put the milk in the cans, and fed the chickens. I come right over. I locked the door too."
"Well, that's a good girl, Sarah. What did you do with the key?"
"I hid it on the door knob, ma."
"Worms feed upon the vitality of children and endanger their lives. A simple and effective remedy is Mother Gray's Worm Exterminator."
