on any subject.

After considerable experimenting the Mergenthaler Linotype Co. of New York have developed a type face for newspaper columns which is much more readable than anything formerly produced and at the same time gives more words to the column. Over 3,000 eyesight specialists have acclamied it as a marked improvement and a great aid to conservation of the eyesight. The Piece Pelcos has adopted this new type for its news columns and will hereafter appear in this new dress.

Tim: Finis Pinish in keeping with its policy of trying to give its readers the very best in typography and an up-to-date weekly newspaper generally, is umong the first papers in the country to adopt the new type. We have hundreds of old subscribers who read the home paper from cover to cover and to help the falling eyes and conserve the eyesight of our younger readers as well we have installed this new type face. We appreciate the loyalty of these older subscribers to the new management and we take this

On pages three and four of this issue the new type has been run in columns alongside the old type and by a comparison in these pages the difference in the readibility of the new face is

namely Mr. David Williamson, Mr. John Cameron, Mr. W. H. Walker, Mr. O. H. Brown and Mr. J. W. Leslie and others whose hames we have been unable to secure and for all other old subscribers whose eyesight may be helped by this new type, we hope to add to the
