A choir, composed of forty members of the Sunday School, led the praise service, and scholars gave the varicus recitations of the day's programme, There were appropriate responsive scripure readings and other kindred subjects. The theme of the service was "Things That Ablde," and Rev. Mr. Stewart gave a brief but very impressive address on that subject. The uniting of the school and the congregation made a argo audience.

The Dravalling Color Scheme Colors galore prevail everywhere in the clothing of women and children these days. Some of us mere men wender where this color scheme is going to stop. Our quiet apparel is quite sombre when in contrast with the gowns and dresses in which the materials resemble lacquered furniture and ohints curtains. We wonder if next season will find us forced to discard our blue or khaki overalls in favor of some neat effect in mauve or delft blue? As we watch the motors which some of the youngsters drive we wonder how long the trusty family car will be content in black or blue, or slate shades. We can almost visualize the day when the highways will resemble a June rainbow, or a paint dealer's color cardwith long streaks of vividly dazeling colors running cast and west, or north and south past the homostead. It will be streaks, too, if present speeding inclinations keep up.

Peace and Good-Will Rally Day The Sunday School Rally Day corvice in the United Church on Bunday had peace and good-will as the theme. Mr. A. T. Brown, Superintendent, and Mr. Prank Kennedy, Associate Superintendent, conducted the service in an interesting manner. The hymns and the service.
