THURSDAY, FEBRUARY 14, 1930

This and that

—Just six weeks until Easter.

—And this is St. Valentine's Day.

—The sleighing is of the very best now.

—This is St. Valentine's Day. Get yours?

—Yesterday was Ash Wednesday and the first day of Lent.

—I will apply the Golden Rule in dealing with man or beast.

—Shrove Tuesday, then Ash Wednesday, now the Lenten season is here.

—The sidewalks haven't been quite so treacherous since the fall of snow.

—The coal bins are now looking the worse for a season's constant shovelling.

—This last half of the winter has been real wintry, with zero weather and snow a-plenty.

—The C. G. I. T. of the United Church observed Shrove Tuesday with a pancake supper. They were well patronized.

—Not to be outdone by Toronto, Guelph has now some election irregularities with the consequent resigning of Aldermen.

—At the graduate nurses' dance of Guelph General Hospital, last week, Miss Nora Kenney was one of the staff who

—The auction sales have been plentiful in this vicinity this season. THE FREE PRESS is the best means of keeping in touch with these events.

—The valentines are now even prettier than they used to be, although some of those ugly one-centers are still considered amusing by some people.

—THE FREE PRESS is always pleased to have items of news sent in and the pleasure is intensified when we secure news items early in the week.

—Winter sport! Rabbit tracks etched in red; (hunters must be fed). Rabbit tracks printed in the snow. Heart blood is dropping everywhere they go.

—The advertisements contain splendid buy-at-home arguments. Acton merchants are quoting prices that make buying in Acton better than elsewhere.

—One of Oakville's oldest residents has never eaten in another person's home in 30 years. Evidently his wife is a good cook or else he is very fond of his own company.

—Knox Church, Acton, has forwarded $56.60 as a contribution to the Globe's Welsh Miners' Fund. This collection for this needy relief was taken up at the service last Sunday.

—Mr. Francis Wilds, who has been incapacitated for work the past six weeks, owing to an injury to his hand, received in the machinery at Watson's Bakery, is recovered and was able to return to work this week.

—We have appreciated the prompt response of subscribers to our subscription accounts regularly sent out. An item addressed to delinquents is getting too personal to pen for the press these days.

—Mrs. C. H. Harrison entertained about twenty or thirty of the little friends of Beth and Margaret at a sleighriding party on Saturday. Lunch was served the rollicking crowd, following the ride to the country.

—The C. G. I. T. and Tuxis Boys groups of the United Church held an enjoyable sleighing party last evening. Following the ride the party were hospitably entertained by Mr. and Mrs. G. H. Switzer at their home on Main Street.

Boy Scout News

ACTON BULLDOG TROOP

The Acton Bulldog Troop has now two organized patrols, both being composed of former Scouts whose loyalty and interest in the organization has been well tried.

Thanks to the Beardmore Co. the Troop has the use of a club room that will be the envy of Scout troops for miles around.

While Scouting is beginning to play an active part in the boy life of Acton, there are some friends of the movement who would like to see a Cub Pack formed also. Before going ahead with any plans for Cubbing, the Scout officials in Acton would like to know if there are enough parents and boys of Cub age interested in Cubbing to merit the forming of a Pack. Information on Cubbing will gladly be furnished by W. G. Mason on request.

The "Scout Leader," this week gives the news extraordinary of the Provincial Committee's plans to send 64 of Canada's best Scouts to the Jamboree in England, with all expenses paid. The local Troop is in District No. 14, which includes all Galt, Preston, Milton, Acton, Georgetown, Norval, Oakville, Bronte, Port Credit, Parklands, Lakeview, New Toronto, Willowdale, East York, Scarborough, Wexford, Islington and Brampton Troops.

SAFETY FIRST

They were standing at the front gate.

"Won't you come into the parlor and sit a little while, Charlie dear?"

"N-no. I guess not," replied Charlie, hesitatingly.

"I wish you would," the girl went on. "It's awfully lonesome. Mother has gone out and father is upstairs groaning with rheumatism in the legs."

"Both legs?" asked Charlie.

"Yes, both legs."

"Then I'll come in a little while."

Road Building Record

Addressing the Oakville Lions Club last Friday night, H. M. Smith, Deputy Minister of Highways for Ontario, declared that W. W. King, an Oakville engineer, had last year established a world's record for speed in building concrete highways. Mr. King had, he stated, completed one and one-quarter miles of concrete pavement on the Stratford-Goderich Road in one week, a record never before equalled in first-class road building, Mr. Smith believed. It was Mr. King who constructed the cement roadway and curbing on Main Street, Acton.

He didn't turn up next day, and for four months, police have been searching for him. On Sunday he was located in Milton, and arrested on a warrant by Detective Hauck. He pleaded guilty Monday morning and was fined $50 and costs, or three months in the County Jail. He took the three months. The charge was laid by Ontario Traffic Officer Bond. Asked if he wished to give evidence in his own defence, Smade said: "It's no use, sir. I'm at your mercy."

This year's walk, the lodge decided will be held in Georgetown.

—Consideration is still being given the establishment of a Provincial Government radio station, Premier Ferguson intimated yesterday in the Legislature in the course of the speech of R. H. Kemp (Progressive, Lincoln.) The object in establishing such a station, he said, would be to broadcast market reports, collected from international sources, for the guidance of the farmers of Ontario. Negotiations are being conducted, the Prime Minister continued, and it was hoped that a definite announcement might be made some time this year. In an interview after the rising of the House, the Premier said that nothing definite had been worked out, although many engineers' reports had been received. Preliminary experiments had been conducted through the medium of a London radio station, but according to the engineers, the best results would be obtained from a station located about Lake Simcoe, possibly at Orillia. Consideration was being given the enlargement of the present scheme either by the construction or the acquisition of a radio plant. If the station were located in Orillia, it would be under remote control from Toronto and possibly Guelph, where the Ontario Agricultural College is situated.

THE CHEVROLET DEMONSTRATION

From the famous "Bluenose" fishing fleets of Lunenburg and the iron mines of Sydney to the logging camps of British Columbia is a far cry. Yet the several hundred people who were fortunate enough to gain admittance to the special Chevrolet chassis lecture and demonstration, held in Wonderland Theatre last Thursday night, viewed these scenes and many more from the length and breadth of the Dominion, illustrative of the nation's vast natural resources and scenic wonders.

"Chevrolet Across Canada" is the title of the highly educational moving picture which was specially taken for the Chevrolet Motor Company of Canada and was shown here under the auspices of J. N. O'Neill & Son, local dealers. Chevrolet cars and trucks were seen playing their part in the Nova Scotia fishing and mining industries, or doing their bit in the building of good roads in the Prairie Provinces. Gathering the nation's wheat in the Canadian West, the same sturdy vehicles were shown beside the combines loading grain for speedy transportation to the elevators.

Thrills of another kind were seen in Ontario, where numbers of Chevrolet trucks do serve as fire engines. A fire truck was pictured making a record run and fighting and putting out a real live fire. A horrible railway accident was narrowly averted through the efficiency of the car's four wheel brakes.

Most of the principal Canadian cities visited by the camera man were shown on the screen. In Montreal the audience saw the large fleet of Chevrolet cars and trucks in the service of the Bell Telephone Company. At Toronto were seen fleets of two dozen Canadian National and Canadian Pacific Express trucks starting out on their runs.

The towering Rocky Mountains, pictures of Banff and the placid waters of Lake Louise, the tall timbers of British Columbia, and bathing scenes at English Bay, Vancouver, were among the scenic pictures of the Chevrolet film.

Following the moving picture film, an interesting and instructive description of the inner workings of the new Chevrolet six was afforded the audience by means of an illustrated lecture delivered by Mr. C. A. Simmons, of Oshawa, Chevrolet expert.

The winner of the Lucky Number Contest, Mrs. J. Alexander, of Acton, was the recipient of a beautiful motor rug.

The music furnished by the Mason Orchestra was very much appreciated.

A Remedy for Earache.—To have the earache is to endure torture. The ear is a delicate organ and few care to deal with it, considering it work for a doctor. Dr. Thomas' Eclectric Oil offers a simple remedy. A few drops upon a piece of lint or medicated cotton and placed in the ear will do much in relieving pain.

DUBLIN

On Friday evening, January 25, the Dublin school concert was held at the school. A splendid programme was given consisting of drills, recitations, etc., by school children; orchestra numbers, duets, dancing by Jack and Mona McGeachie; and a mouth organ solo by Jimmie McGeachie. A play entitled "The Rag Carpet Cutting Bee," was given. Much credit is due to Miss Young in the training of the school children.

On Friday evening, February 8, the Dublin Literary Society met at the home of Mr. and Mrs. Jas. Gibbons. The meeting opened with the singing of the "Maple Leaf Forever." After the business part of the meeting a good programme was put on. The first item was a piano solo by Margaret Waldie. This was followed with a reading by Mr. Webster, "Muggle and Jiggs at the Golden Gate." The meeting was then favored with musical numbers by John and Annie Black and Flora Sayers. Miss Young then gave a recitation, "The Deacon's Courtship." Bernice and Edith Bracken gave a duet, "The Lovers' Quarrel." This was followed with a quartette from down south. The meeting closed with the singing of the National Anthem.

A vote of thanks was moved to Mr. and Mrs. Gibbons for the use of their home. Lunch followed and an excellent social time was spent.

EDEN MILLS

On Saturday last, the home of Mrs. R. McAlpine was the scene of a large wedding, when her second daughter, Isobel, was united in marriage to Hall. C. Scott, Rev. C. Graham Jones officiating. After the ceremony a sumptuous dinner was served to almost 100 guests. A lively time ensued before the bride and groom left for Windsor. On their return Mr. and Mrs. Scott will reside on the home farm of the groom's family, Mr. Scott representing the fourth generation in possession of the same homestead.

On Monday evening, a very large company of friends and neighbors took possession of Mr. Jas. Husband's home, to do honor to their only son, Elias, and his bride, when they were presented with a miscellaneous shower. The quality and quantity of the shower testified to the respect the young couple hold in the community. After the presentation the evening was spent in games and all manner of social fun. The young couple have the hearty good wishes of all who know them.

On Thursday of last week quite a number of the ladies of the United Church attended the Women's Missionary Society Presbyterial in Chalmers Church, Guelph.

"FOUR SONS"

The Picture to be Shown at Wonderland Theatre on Friday Evening This Week

As in a dream I saw the magic screen
The tale unfold,
Gripping my soul as each swift vivid scene
Its story told.

Then, faltering, and still unawake,
I sought the day,
Praying for some sure hand my own to take
And lead the way.

I prayed for faith that by its might
Would lead me on
Away from doubt and groping night
Into the dawn.

For love I cried that from all sorrow runs
On wings elate,
That led the white-haired mother of four sons
To conquer fate.

For that bright-visioned hope I prayed
Which I had seen
With mystic art and throbbing pulse portrayed
Upon the screen.

O woman of four sons, may my heart fare
Through storm and stress,
As you fared on through sorrow and despair
To happiness.

—John Steven McGroarty.

THE CHURCH HELPS

So much emphasis is given to the fact that those prominent in church circles sometimes go wrong, that it is worth while to call attention to certain other related facts. A writer in Forbes magazine said recently that a New York judge has had during his term of office, 4,000 cases of youths under twenty-one charged with crime, and only thirteen of them attended Sunday-school. Out of the 4,000 cases, 1,092 were given suspended sentences and commanded to attend church or Sunday-school. Only sixty-two of these were brought back for violating their parole.

There are some hypocrites in the church, of course. There are more weaklings who mean to do right, but are not a match for temptation. Young people who really want the best associations, who are seeking the influences which produce the finest type of men and women, however, will find them among church people. In developing character, every one needs the help of the church.

If I take care of my character, my reputation will take care of itself.
