No one is through till he stops,

No matter how often he drops,

No matter how hard fathure lifts,

A fellow's not down till he lies

Nor beat till he no longer tries.

In the dust and retuses to rise, Fate may damn him and bang And batter his frame till he's sore, But she never can say that he's downed While he bobs up serenely for more. A fellow's not dead till he dies,

Health Service of the Canadian Medical Association THE USE OF DRUGS

Many of our correspondents have written to us, asking for advice in regard to treatment and, particularly, concerning the value of some particular drug as a remedy for the illness of which prophets.

that there is a lack of understanding concerning the use of drugs. In the first place, the proper treatment of disease depends upon a diagnosis. Some treatment may be given to relieve the jumptom of which the patient complains, announce the heavenly decrees. but the real treatment of disease, is directed as far as possible, towards the removal of the cause of the disease. If, for example, a patient suffers from headache due to faulty eye-sight, the proper treatment of such a case is not to give some drug to deaden the headache, but to remove the cause, by prescribing proper glasses which will end eye-strain-the

cause of the headaches.

All cases are not as simple and direct as this, however. In many cases, it calls for all the skill which the physician acquires, from years of training and experience, to search out the cause and to prescribe proper and adequate not be content with them long. "Into in the temperance cause discerned the treatment. It is just because it does all the world," "the whole creation," "all danger of "modification," and stated that require this special training and experi- men"—those are the goals set before us it was being rightly viewed as a lure, ence, which the layman lacks, which by the Head of the church. makes it dangerous for people to attempt to treat themselves. Not only may considerable harm be done by the improper use of drugs, but, in addition, time is being lost in obtaining skilled medical treatment for the real cause of Christ wants done and wants to use him the trouble. There is no question but to do. that the best chance for successful treatment lies in early treatment. The long- cause he has Christian gifts which we that unseen heavenly forces may be our er treatment is delayed, the less chance lack is to charge God with error in his allies. Thus with divine help we may there is for it to be successful. Por these reasons, it seems evident that it is in the interest of the patient to secure proper, adequate treatment
