"Where Quality is as High as Prices are Low"

Penny Wise

A penny saved is not always a penny * carned. Sometimes it is two pennies lost. The merchant who spends nothing on advertising is practising false economy; his losses in sales far exceed the pennies sav-

The money spent-for plate glass windows is not looked on as lost; nor is the money spent on better interior lighting.

Anything that increases favor, that adds to sales, that multiplies customers is very properly regarded as a good invest-

Advertising is a good investment--just as plate glass windows are. Advertising is the plate glass window the merchant can send into every home. Advertising sells more goods to more persons than shop-windows do.

A Word to the Public

Do non resent having a merchant address his message to you in the form of an advertisement in our colmuns? On the contrary is not your impulse to respond to his friendly over-

Advertisements are Store Windows
