Young love is rupture; Old love is rost; Bhy wings for cupture: Deep heart for nest.

Dawn love is silver. Wait for the west: Old love is gold love-Old love is best.

Chronicles of Ginger Farm

Written Specially for The Free Press by JUDY O'GRADY

Rain, rain and still more rain. If were not against my principle I would write about it. As it is I must find something more interesting, more inspiring and less irritating than the caprices of the elements. Speaking of weather reminds me of trains, feet and robins, three very reliable fore-casters of weather conditions. As I write a train after the athletic figure of his new approaches the crossing and gives its eighteen-year-old assistant; then, frowncare note of warning which one can ing slightly, he turned away to bid old early imagine to be like the weird wail- Uncle Hamlin get the launch into shape ing of an Irish banahee. Only before and to make ready the high explosive. rain does it cound thus. We hear it and speed up the work but soldom win the at this time!" muttered the superintend-
