THURSDAY, JUNE 20, 1929

This and that

—Just one week more until the "3 Big Days in Acton."

—Real summer weather with a genuineness has prevailed this week.

—The bowlers are busy on their greens at the Athletic Association grounds these nights.

—Next week at this time we'll be into the thick of last minute preparing for the celebration.

—Residents in the vicinity of Crewsons Corners observed a full grown deer one day last week.

—Halton-grown strawberries are on the market already. Fine fruit and command a good price.

—The winter wheat in many places is now well headed out. There is fine promise for a big crop.

—The Anderson home on Peel Street has been sold the past week to Mr. and Mrs. Angus Thompson.

—Get your rememberer at work, old boys and girls, for the Champion Recollector Marathon next week.

—Reckless and speeding motorists continue to patronize Police Court. There were half a score of them yesterday.

—The King Construction Co., last week, filled the expansion joints in the pavement on Main Street, with tar.

—Harry Beechwood, aged thirteen years, son of Neelie Beechwood, was drowned on Monday night in Sixteen-Mile Creek.

—The clover meadows are now in full bloom on many farms, and the fragrant perfume from these fields is delightful.

—Copies of this special issue for mailing may be procured at Brown's, Hassard's or Hinton's, or at THE FREE PRESS office.

—The Duke of Devonshire Chapter of the I. O. D. E. had an enjoyable visit to the John Milton Chapter at Milton yesterday.

—The holes in the Mill Street pavement have all been repaired this week and give the roadway a considerably improved surface.

—Secretary McComb reports the entries as coming in fine for the athletic events, an assurance of a big field in all events is given.

—Judge Moore held a sitting of the Juvenile Court at Brampton on Monday. To-day he has a criminal docket of several cases at Milton.

—Mr. Jas. Davison, Principal Emeritus of Guelph Collegiate Institute, retired from active service last Thursday after a teaching career of 58 years.

—The young people are using the tennis courts freely these nights and the grounds, in their illumination, present a very attractive appearance.

—One of the old boys says he could write a list of changes that would tire the judges. But unfortunately he also says he can't be here for the celebration.

—Members of the Celebration Committee had a busy time the past week purchasing the big array of silver cups to be presented for the athletic events here.

—Many citizens are furbishing up their premises with paint and other improvements. Acton will certainly look attractive when the boys and girls come home next week.

—Eight of the Hamilton marathon runners, with Harold Webster, captain of the Hamilton Olympic marathon team, were here on Saturday running over the fifteen mile course.

—Mrs. Elias Plummer and her son, Mr. George Plummer, of Rockwood, assisted the choir of the United Church on Sunday and rendered appreciated solos and duetts at both services.

—D. D. G. M., A. G. Corcasdden, of the I. O. O. F., who will be the new Grand Master of Ontario, will be present for the Oddfellows' Decoration Day service in Acton on June 30, and will address the gathering of Oddfellows here on that day.

Variety of News

Too Much Late Material

We regret very much that, owing to a rush of material for the final press run of this issue, we have been obliged to omit several news items of importance. They will appear in next week's issue in detail.

Passed Examinations in Toronto

Miss Helen C. Coxe, daughter of Dr. and Mrs. H. A. Coxe, was successful the past week, in passing the second year of her course in Household Economics at Toronto University. She made a splendid standing, securing third in Class II. in this course. In the industrial course for boys at the Central Technical School, Bingham Ramsden passed his second year examinations in Class II. and William Ramsden his fourth year in the same class. They are sons of Mr. and Mrs. Ramsden, Knox Avenue. To these students, on their success, we offer congratulations.

Three to Gaol in a Week

The Police Court sessions have been busy during the week. Magistrate Moore says it is rather unusual to be obliged to send three persons to jail within a week on different charges. One man from Guelph was committed for a month, for driving a motor car when intoxicated. One from Milton Heights was sent down for two months for having liquor for sale. One from Georgetown was committed to jail for three months for cashing a cheque which he had made and signed with another man's name.

Chautauqua at Georgetown

Commencing on Wednesday, July 3, and continuing on July 4, 5, 6 and 8, Canadian Chautauquas will give a series of their splendid concerts, afternoon and evening in Chautauqua tent in Georgetown Park. Prominent artists and speakers on this series of programme will be: Martin Edwin Players; Moscow Artists; Mrs. D. Pirie Beyea; Anatol Prikin and His Russians; Ernest Toy and Lowell Patton; Dr. Tehyi Hsieh; Herb Taylor, famous clown; Jackson Jubilee Singers; and Capt. Stanley Nelson Dancey. Popular plays, educational and instructive lectures and musical programme go to make up this week of entertainment. Season tickets may be secured for the entire series at $3.30 for adults and $1.00 for school children, from any of the Georgetown committee or the local representative.

Health Talks

Interesting health talks were given last Friday by Dr. D. A. McClenahan, of the Provincial Board of Health, at the Public School and in the Town Hall in the evening. The attendance at the hall was rather small, but an interesting address on disease prevention and guarding of the health was given by Dr. McClenahan. Several splendid motion picture reels were shown, which portrayed very vividly the need for precaution in safe-guarding the health and emphasized very forcibly the doctor's remarks. Reeve Mason presided over the gathering.

At Wonderland on Friday

Thrills of naval aviation form a spectacular background for "The Flying Fleet," Ramon Novarro's new Metro-Goldwyn-Mayer vehicle to be shown on Friday at Wonderland Theatre. Novarro plays a young flying officer in a vivid drama of the airmen of the sea. Sensational reviews, battle practice, a rescue at sea with a burning airplane as a beacon, and other sensational evolutions, with hundreds of navy planes in the air, are among the thrills. Most of the picture was filmed in the air and aboard the navy's great airplane carrier ships.

Modern Hardware

Conducted in the Modern Chain Store Way

We are not among the oldest merchants in Acton, but we have been conducting our Hardware Store in Acton for seven years. Our store, at the corner of Mill and Main Streets, which was for many years a hardware store previous to our occupancy, will hardly be recognized by many of the older of the Old Boys and Girls when they return, as it has been modernized and is now conducted as a Chain Hardware Store. We will welcome all to visit this modern Alliance Chain Hardware Store.

FARM HOME DESTROYED BY FIRE

House, and Nearly All the Contents, of R. W. Lowrie Completely Lost by Conflagration

On Wednesday morning, between one and two o'clock, Mr. R. W. Lowrie, lot 1, concession 5, Erin, was awakened by the barking of his dogs, which were in the summer kitchen, attached to the house, and found that the premises were on fire. The flames had gained considerable headway when discovered.

Mr. Lowrie awakened his housekeeper, Mrs. Hall, and neighbors were summoned but were helpless to save either building or little of the contents when they arrived. Mr. Lowrie was able to save the trunk and some of the belongings of his son, Stewart, who is home from Japan. Most of the presents that had been bestowed upon his daughter, Mrs. McDonald, who was just married last Saturday, had been forwarded to her home in Toronto. Mr. Lowrie believes he was successful in saving the majority of any presents that remained, from the flames. These personal belongings, along with some bedding, and some of the family silverware, were all that were salvaged and the rest of the contents were lost, with the house, which, was completely destroyed.

It is thought that the fire originated in the summer kitchen.

ESTABLISHED 1864

Acton's Oldest Store — Still in the Old Stand — Still in the Family, and Busier Than Ever as One of the

SUPERIOR STORES

A Word to the Old Folks and Young Folks as Well

It's a far cry back to 1864, but to verify the above claim I am quoting below the first entry from my Grandfather's first ledger:

Monday, April 19th, 1864

William Bell, dr	
To 17 lbs. Ham @ 11 cts.	1.87
To 2½ doz. Eggs @ 10 cts	25

And so on through a period of more than sixty-five years, my grandfather and my uncle have, by honest endeavor, built up an enviable reputation which I will do my best to uphold while serving the town in the modern way as one of the Superior Stores. To the Old Boys and Girls I extend a hearty invitation to visit the store while you are in town, although, as "The Old Man" says, gone are the boxes and chairs. You are still welcome.
