Whether it's architecturally Porks of the Credit, Peel County, fashionable, I don't know or care! Just you go ahead an' build that house, an' build her without but!"

> There was a moment's pause. well, cap'n," agreed John mildly. build her without 'but.'" A year later, on the great day of homecoming, they went together to the new house. The captain was delighted with everything on the lower floor, and after exploring every closet to its dimment corner, he proposed that they visit the second story.

"Very well; but you'll have to step utside, of course," assented the builder, cheerfully: "The window over the porch is the easiest to put a ladder to. I'll hold it while you climb. You see, the house is built precisely as you orderedwithout 'buts'-and without stairs." The captain was "game." There was thunder and lightning, but it was quickly over, and he paid, with wry chuckles, for the putting in of the stairs that had been
