"Laymore" Meat Scraps

A Nationally Recommended Poultry Food

Can now be secured locally as we have taken the agency for this well-known product. More meat means more eggs. Animal protein for poultry is one, of the most essential constituents of a ration, providing it is digestible and easily assimilated.

The Bwift Canadian Company Limited, with their "Government nspected plants, are in an un rivalled position to supply digestible PROTEIN_in the form of "Laymore" Meat Berans. "Laymore," the product of wholesome meat trimmings, contains a percentage of bone to furnish necessary minerals. "Laymore" has won national popularity because of its purity, digestibility, and uniformity-backed by the guarantee that the feed is entirely FREE from hoofs and horns, which, as most prominent authorities know, are of a non-directible nature and have little or no value as a feed.
