THURUDAY, NOVEMBER 14, 1020

THE WISER WAY He who checks a' child in terror, fitops its play or stills its soilg.

Not done commits an error.

Curb it only to direct.

Hut a grievous moral wrong. Then give it play and nover fear it Active life is no defect; Never, mover break its apirit, .

Would you stop the flowing river. Thinking it would come to flow? Quward it must run forever.

Better teach it where to go.

J. L. Pickard.

TAX NOTICE---1929

MUNICIPALITY OF ACTON

SECOND INSTALMENT—NOVEMBER 15

Any ratepayer may pay the whole of his takes on or before September 16, but one-half the amount must be paid on or before that date. Pallure to comply with this arrangement entails extra expense and trouble.

An addition of five per cent, will be made to every tax rate or assessment remaining unpaid fourteen days after the 15th day of November for the second instalment; and it will be the duty of the Collector immediately after the said several days appointed for payment, to collect at once, by distress or otherwise, under the provisions of the Statute in that behalf, all such taxes, or instalments of taxes.

> PLUASE TAKE YOUR TAX NOTICE WITH YOU. WHEN MAKING PAYMENT

E. J. MePHERSON, Collector

CHILDREN HAVE TO CHEW IT-AND THEY LIKE THE CRISP SHREDS

SHREDDED

of the whole wheat

You don't have to coax children to chew Shredded Wheatthe more they chew it, the better they like it-and that means sound teeth and healthy gums. Just the food for growing youngsters. So delicious and so easy to serve.

Old Homes Young By nailing the smooth, rigid, fireproof Gyproc sheets right over the faded walls and ceilings and then decorating, you can make the oldest home

look new and handsome.

J. B. McKenzie - - - - Acton, Ont.

A NYONE trying to call this telephone will be told by the operator: "Line's Busy". But the line is not busy. It is really idle. Someone at the other end of the office is wanted and the telephone waits there until he arrives.

The idle telephone, with its receiver off the hook. is a common cause of "Line's Busy", and a common cause of uncompleted calls which are wasting two million minutes every day in Ontario and Quebec. Other causes of unnecessary "Line's Busy" are inadequate office equipment, long conversations during peak hours, trying to repeat too soon after the "busy" report, and asking another to get your party for you.

Many offices may not need more telephones, but they do need to have their present telephones more conveniently located. -You may be losing calls because your line is thus "Busy" but really idle. And you may be loging business.

We want you to have the best possible telephone service and we are making every effort to provide it. We are ready at any time to survey your telephone equipment and submit a report.

New telephone plant and service improvements will mean an outlay, for 1929 alone, of more than \$27,000,000.
