IN MEMORIAM

WALLACE—In loving memory of our dear husband and father, who passed away suddenly, May 18, 1929.

He bade no one a last farewell,
He said good-bye to none,
His spirit flew before we knew
That he from us had gone.

We have only your memory, dear father,
As we journey our whole life through,
But the sweetness will last forever,
As we treasure the memory of you.

Sadly missed by
WIFE, SONS, DAUGHTER.

This and that

—Empire Day a week from to-morrow.

—The fish stories are getting smaller.

—The gardens are growing space these days.

—Just a week from Saturday until the twenty-fourth.

—All dogs not tied up to-day are liable to be impounded.

—The well-kept home lawns are rich and velvety now.

—The rains of the week have been a real benefit to the crops.

—Halton County ball league opens on Saturday, with Acton playing in Burlington.

—The torrential rains, hail and wind on Tuesday played havoc with the blossoms.

—The gardens are looking well now, and show to advantage the work bestowed upon them.

—Rarely have the leaves been so fully developed by the middle of May as they are this year.

—May's thunderstorms are doing incalculable good to vegetation. Growth is now very rapid.

—Chief Kerr and Constable Barnes, of Oakville, were given increases in salaries in recognition of their services.

—The Ehrimers' visit will be an event in Toronto next month, immediate results of which will be noticed even beyond Acton.

—Hugh Logan, of Glenwilliams, was fined $100 and costs by Magistrate Bull, of Brampton, for having liquor in a place other than his private dwelling.

—Every week you will find many advantages by perusing the advertisements. Goods and values that are worth telling about are usually something exceptional.

—Quite a quota of Acton people spent "Blossom Sunday" in the Niagara Peninsula, viewing the wealth of beauty nature provided there. It could hardly be said to be a quiet, reverent Sunday, however.

—Messrs. Beardmore & Co. have beautified the surroundings on the Crescent by planting a good number of trees, which, when they develop, will add much to the attractiveness of this section of the community.

—Quite a number of Acton folk attended the graduation exercises of the Nurses Class of 1930 of Guelph General Hospital. Miss Dora Lambert, of Acton, was one of the graduates. Her Acton friends are proud of her success.

—Acton Hockey Club has set a fine example for other sporting organizations. It had a winning team and finished the season with a nice balance. In recognition of the good support received from the public, the club donated $350 to the municipality to be applied on the debenture debt of the new Rink.—Barrie Examiner.

TAKING LIBERTIES WITH A VISITOR'S FACE

The naive frankness of childhood is often a source of embarrassment to adults and especially to parents; but sometimes it happens that the unlucky parent, trying to extract herself from the frying pan in which her offspring's indiscretion has placed her, tumbles plop! into the fire. The Boston Herald reports such a case:

A clergyman, a man of much eminence hereabouts, was with his wife receiving a call from a parishioner. The clergyman's small daughter, aged nine, walked up to the visitor and, gazing intently at her, said:

"O my!—But aren't you homely!"

Her mother of course was horrified and sought to undo the mischief as well as she could. "Why, Laura!" she said. "What do you mean?"

Frightened, Laura stammered: "I only m-m-meant it for a joke."

Which would have been as fortunate an escape as could be hoped for, but the mother pushed disastrously onward: "Well, it would have been a much better joke if you had said, 'How pretty you are.'"

By the courtesy of the Hydro superintendent, the light was turned on the United Church for the Young People's service on Sunday evening, and it was very much enjoyed in the excellent service.

The oldest resident is unable to recall a first ten days of May with such phenomenal growth, which has started us well on the way to a successful season.

Hydro was turned on our village on Wednesday evening, and some of the fortunate ones could hardly go to bed for admiring the new lights. Visitors have been complimenting our people on their enterprise in securing this modern up-to-date service.

A very pleasant evening was spent by the young people of the United Church with the new lights, in their pie social Wednesday evening.

Acton and District

A Provincial Park (?)

It is rumored that the Department of Highways is planning to secure the ground at the seventh line corner and convert it into a Provincial park of five acres. It is also said the plan is to make a double road at this corner for east and westbound traffic.

Chimney Struck by Lightning

During the severe electric storm on Tuesday a ten-foot brick chimney at the rear of the residence of Mr. Charles A. G. Matthews, in Lawrence Park, Toronto, was struck by lightning. A neighbor, sitting in her window across the road, witnessed the incident, and described it as terrifying. The lightning seemed to enter the chimney, and immediately there was a blinding flash. The chimney seemed to burst asunder as if a dynamite blast had occurred within. Bricks rained into the driveway, across the street and against the adjoining home, occupied by John Chinn, where windows were smashed and other damage occasioned. In both homes telephone, electric light and radio wires in the cellar were severed as if with a knife. Fortunately no person was hurt.

Some Sorry Fishermen

Four Toronto men were charged last week before Magistrate Moore with catching under-sized trout. They admitted their offence, the rods and reels were confiscated, and the costs rendered their expeditions rather expensive. . . . Four Brampton men came before the same officer on Tuesday evening, charged with trespassing on the fishing preserve of the Grand River Fishing Club on Nassagaweya, by Constable Ramsay. They had not gotten to the stream before the Constable corralled them. In view of the fact that no fishing was done the Magistrate took a lenient view of the fishermen's misdemeanor and let them off on suspended sentence upon payment of costs. . . . Charges were laid last week against two men for fishing on the preserves of the Caledon Trout Club near Hillsburg on April 20. The poachers will remember their excursion before the Brat of May.

KEEPING AHEAD OF NIPPER

"Yes, Nipper's a good one," said Mason, trying to speak coolly of the bull-terrier at his heel. "My wife and I are awfully fond of him, but we don't make fools of ourselves over him as some folks do over dogs that are not a patch on Nipper."

"He looks all right," said Brand, with as much warmth as could be expected from a man whose interest is in tumblers and pointers.

"He is all right," corrected Mason, with dignity. "Why, that fellow knows everything you say to him, in German and French as well as English. We've proved it again and again, and only last night my wife said that if we wanted to keep anything from him we'd have to learn a new language.

"I think," concluded Mason, gravely, "that we shall take up Esperanto when the evenings get longer."

ANTS WITH PINK PARASOLS

Among the recent acquisitions at the London Zoological Gardens, says a newspaper dispatch, is a nest of umbrella ants that have never been seen before in the gardens. They have had a busy time, because during the journey the queen's apartments became greatly disarranged, but the community soon put them to rights again.

In their native home in Trinidad the ants are always to be found in the neighborhood of rose trees. They cut off parts of the petals of the roses and carry them to their nests, holding them over their heads like parasols. On reaching home they masticate the petals thoroughly and pile up the resulting mixture in heaps inside the nest. On the beds thus prepared grows a special fungus of which the ants are very fond.
