Acton Gives Largest Conservative Majority Recorded in Years LEvery Town Records Majority for Him

The elections on Monday were carried on in a similar temperature and the heat of the contest was not in comparison with the heat of the weather. Although the majority of Dr. Anderson was reduced from 1,807, in 1926, to 1,167 this year he was elected handlis over his opponent, James Waldbrook, Caberal candidate this traditional Conservative riding. Mr. Waldbrook is best known in the southern part of the County, and it was here that he reduced Dr. Anderson's majorky, particularly in the town of Oakville. The contest throughout was cleanly fought and free from the personalities, which marred the campaigns in some other ridings. Every division in
