

SOCIAL AND PERSONAL ITEMS

The Visitors to Acton Homes and the Visits of Actonians— Little Items of Personal Interest

Mrs. J. K. Gardiner is visiting friends at Collingwood this week. Miss Nellie Hall, of Toronto, spent the week-end at her home. Mr. and Mrs. Duncan McTavish visited Toronto relatives last week. Dr. W. G. O. Kenney is home from Port Colborne for a few days' holidays. Miss Jean Kennedy, B. A., of Toronto, spent the week-end at her home here. Mrs. V. B. Rumley is visiting with her sister, Mrs. P. A. McLean at Chesley this week. Mr. and Mrs. H. J. McPherson and Mrs. Dorothy visited friends in Toronto over Sunday. Mrs. Blows of Port, Indiana, paid a short visit at the home of Mr. and Mrs. Brownlow, Hillside Farm. Miss Muriel McComb, nurse-in-training at St. Joseph's Hospital, Guelph, was home for a visit last week. Mrs. John McDermid, of Georgetown, and Mrs. Bushby, of Winnipeg, visited Acton friends on Wednesday. Mr. and Mrs. J. McEachie received word to-day that their brother-in-law in Scotland had passed away. Mrs. (Rev.) E. G. Edmonds, of Toronto, visited her daughter, Mrs. Wm. Smith, Peel Street, last week. Miss Constance Scott, of Toronto, visited at the home of Mr. and Mrs. John H. Kennedy over the week-end.

Acton and District

Worker's Spine Broken While Removing Stump. Suffering from a broken spine, sustained Saturday afternoon while assisting in removing a tree stump at the home of J. M. Taylor, Cork Street, Guelph, James Kelman, Neave Street, an employee of the Taylor Forbes Company, is in the General Hospital, in that city, in a serious condition. David Motherwell, 123 London Road, another employee of the firm, is also confined to his home with two broken ribs and other minor injuries as a result of the same accident. Workmen were using an iron bar as a lever with which to dislodge the stump when it flew back, striking both Kelman and Motherwell with great force, hurling them to the ground. Notwithstanding the serious nature of his injuries, Kelman was reported to be progressing favorably.

Workman Killed in Car Collision

A collision between a heavy sedan and a light touring car resulted in the instant death of Frank Lamphier, Erhdale, last Thursday night. Lamphier, who had been working at the new Parish Hall at St. Patrick's Church, Dixie, during the day, and had stopped over at Cokesville to secure lumber for a house which he was to construct for R. McEneaney, was driving west on the north side of the road. The heavy car, driven by Daniel H. Alger, Waterloo, was proceeding east. No clear explanation has yet been given as to the reason for the collision, which it is claimed, was seen by only two men, who were walking west on the road at the time. Lamphier was thrown 20 feet by the impact, and badly mangled. His car, thrown into the north ditch, was demolished.

WINTER APPLE JELLY

Wash the apples, cut them up without peeling or removing the cores, cover them with cold water and cook until very soft. Strain juice through a cloth, without pressing, and cook very slowly for about 25 minutes—using 12 ounces of granulated sugar for each quart of juice. Pour into glasses, cool, and then place in refrigerator for several hours until it thickens. When making apple pie or cooking apple sauce, the peels and cores may easily be turned into several glasses of this delicious jelly.

GIRL GUIDE NEWS

We are quite proud of the fact that the winners of both the Senior and Junior Championships for girls at the local competitions were Guelph. Patrol Leader Margaret Chalmers won the Senior, and May Bruce the Junior. The weekly meeting was not held this week on account of the County Field Day at Oakville. The next meeting will be as usual, Wednesday evening, 7.30, at the Guild Hall. An executive meeting of the Rangers was held at the home of the Captain. The season's work was planned. There will be a meeting of all Rangers at the home of the Captain on Tuesday evening, for the election of officers.

TUTE'S DISTINCTION

"Tute" is an old negro well known, according to the Philadelphia Ledger, to many of the attaches of the city hall, for whom he does odd jobs at their homes. One day Tute asked one of his employers if he would kindly read a note for him. "The request was granted." The note proved to be a perfectly legitimate request for Tute's services as a white-washer and cleaner of collars. "Why, Tute," said the man, "this is very plainly written, and you ought to be able to read it yourself. I have frequently seen you reading the papers." "Well, that's just it," replied Tute. "I kin read readin' readin', but I can't read writin' readin'."

ONE BIRD LESS ON THE FARM

The housewife mutters much, but some there is a limit to what she will "put up with." Former Governor Fletcher of Vermont tells this amusing story of one housewife who reached the limit of her patience: A middle-aged couple from one of the back counties visited Montpelier one day, and while they were walking down the main street looking at the sights a cuckoo clock in the window of a jewellery store attracted their attention. The clock was striking, and as the cuckoo came out and chirped the hour they looked on in wonder. "Well, I declare!" exclaimed the farmer's wife as the bird retired within the clock. "That is the bestest thing! Never before in all my life did I see any-thing like that!" "Nor me, neither, Maria," responded her husband, "an' sence we need a new clock at home, what do you say if we just buy this one?" "We won't do anything of the kind, Hezekiah!" the woman replied emphatically. "Don't you s'pose I've got enough chickens an' geese an' turkeys an' other things to look after now without feedin' a pecky bird?"

WHEN TO FLOW

The best time to plow depends largely upon the kind of soil, the extent and kind of weeds, and the amount of time available at different seasons of the year. Field Husbandmen of the Dominion Department of Agriculture offer the following suggestions: Good land that is weedy should be plowed as early as possible in the summer, disked three times at intervals of one week to break up the sod, and the cultivator should be used thereafter, when weeds such as couch grass are present. Thorough working at frequent intervals is necessary if weeds are to be eliminated. In the preparation of sod land for spring sown grain crops the summer plowing and thorough working of the land is particularly desirable. Fall plowing is always desirable for spring sown crops in both light and heavy soils. Spring plowing is likely to delay seeding and adversely affect the yield, particularly of grain crops, but it is particularly important that they have been used for grain, corn, roots, or other spring sown crops be plowed in the summer or fall—factors by the Publications Branch, Department of Agriculture, Ottawa.

THE HORSESHOE CLUB

Here are the results of the John Nicol tournament at horseshoes, which we were unable to publish last week. The tournament was held on Wednesday of last week, and the winners, J. Rowles and J. Wilson, were presented with a set of shoes, while the runners-up received cigar lighters. And all the boys smoked one of John's cigars. If you have any fresh stories in town just don't save them for the Horseshoe Club members; because they will fall flat. ROUND ONE Perry Watson Harry Blatham Geo. Wilson 19 Tom Killy 25 J. M. AVENGING A TELEGRAM

On arriving in Manchester, says The-Hits, a man who was fond of playing practical jokes sent a telegram to a friend in London that read: "I am perfectly well." The charges were "collected." The information must have been gratifying, for about a week later the joker received an express package on which he was obliged to pay heavy charges. Opening it, he found a large street paving block upon which was pasted the following message: "This is the weight your telegram lifted from my heart."
