Once a booster always a booster. The Park Paras, of Acton, boosts this community first, last and all the time. Now comes a plan for boosting the home helps to boost its vicinity and environs. While THE FREE PRESS already enjoys a large circulation, its scope of influence can be further materially increased by the addition of many more subscribers.

To accomplish this end quickly and at the same time give our friends and readers an opportunity to profit in a big way, The bare Paren to-day announces the most liberal profit-sharing circulation campaign ever inaugurated in this section of Ontario. The campaign will be known as the Help Yourself Profit-Sharing Travel

THE HELP YOURSELF PROFIT-SHARING TRAVEL CLUB is exactly what the name implies. We all have certain ability but many have never had the opportunity of developing it. Experience is not necessary. All that is necessary is it People's League will all meet on this one determination and willingness to put forth some intelligent effort.

No Locers-No Red Taps Bo broad and liberal is the plan of this campaign that there will be no losers. Every active participant will be paid either in the form of a prize or a cash commission. There is no red tape or strings to that promise. An alluringly beautiful Pord Forder Bedan, worth \$805.00, and \$50 in cash, or a new Plymouth Bedan, worth \$865 or a trip to France, goes to the winner of the first prize, while the second prize consists of a wonderful Hosch Radio, worth \$220, or a \$225 Living Room Buite, or a \$200 Dining Room Suite.

THIRD PRIZE is \$50 in gold.

Here are handsome prizes which are very desirable and worth working for There are also other awards, including a liberal cash commission for those who fall to win one of these prizes, which removes the last element of chance, making it impossible for any candidate to lose. Neither will it cost any Chib member a single cent-new or later-to enter and win any of the prizes.

THE PHET few days are the most important. To delay entering means that someone else will get the subscriptions that should be yours. The people who act quickly with determination will reap the rewards in this campaign that would take years of saving to secure. Only your spare time is necessary. You will find the work casy and interesting.

Family or Friends May Help

It is not expected that Club members will wholly depend upon their own efforts. Molatives and friends can help and a merry pastime it will be with rich rewards to come at the end. Bo let it be understood at the outset that all Club members are entitled to all the helpers and boosters they can gt.

Prizes Won by Subscribers The winners of the prizes will be determined by the number of credits gained through the sale of Subscriptions to The Park Parks, the schedule of which may

be found in the announcements in this issue. You will get the double credits for securing new ones, so the field is 100 per cent, open to all, with no lack of prospects, no matter in what section of the community you may reside, and your spare time (no matter how busy you are) is enough to enable you to earn big pay If you got busy at once and work consistently until the close of the campaign. Early Start Means Much

The campaign is to be of such short duration that it is impossible to put too much stress upon the importance of getting started at once. It is at once evident that immediate action is necessary if you wish to have the fullest advantage of the thort time allotted, which means the chance of gaining full ownership of that levely Plymouth Sedan, or the Forder Ford Sedan. The earlier you start the bolter. you will be paid-no question about that and everyone will be paid, either one of the bronze lumps and bronze tablets on either now read a first time.-Carried. handsome awards or a generous easir commission-make no mistake about that.

take up and of her own impressions on that field when she had visited Japan last year. Mrs. Strachan's address was very helpful to a fuller understanding of the missionary work that is being undertaken there by our women, and showed the large work that our women are addressing themselves to in the foreign field. Mrs. Hassard, seconded by Mrs. Hell, proposed that a hearty and sincere ote of thanks of the Society be tendered to Mrs. Strachan for her helpful and Huminating address. Everyone concurred n this.
