Acton Chalks Up

and League Game from Brampton-St. Alban's Defeats Hewetson's

On Thursday last the Acton Girls met the Brampton Girls in an exhibition game in the Acton Arena, and the local nine won by the score of 12-7. It was fast and exciting game, and at one time Acton was leading by the score of 12-1 But toward the end of the game the local girls became careless, and almost threw the game away. However, they played a good game and deserve credit for their win. The Brampton nine also put up Messrs. James Newman and J. Camp- a good game. 'The Acton girls' alugging won the game for them, as they are all heavy hitters.

The following is the line-up and sum-

Mrs. Thomas last half of the first, but after this the new pitcher was put in and the game tightched up, and she checked the local girls' slugging. But the Acton team did manage to score four more runs; with Mary Chalmers getting a homer. The girls play Georgetown, in Georgetown, next Tuesday, and a real good game is looked for, as the Georgetown nine held Acton to a close score in their game

Brampton put The Girls' Team Win Exhibition up a good game, getting four runs in the first innings, but the locals soon over came the lead and drew out in front and stayed there. The visitors did not play as smooth as St. Alban's. The bare umpire, a Brampton man, almost got himself into trouble by calling a couple of raw declious in favor of Brampton, he settled down to business. Now that the local boys have found their stride, it is hoped that they hold it, as they play against the Georgetown Odd-

FORD RACES TRAIN ACROSS CANADA:

RACING TRANSCONTINENTstorms, had roads and almost impassable detours, R. C. Merry and E. V. Dynes, of Oakville, Ont., recently completed a 3,217 mile-dash from Toronto to Vancouver in a standard Ford coupe in 95% hours. En route back to their homes,
Merry and Dynes stopped at the
Fast Windsor, Ont., plant of the
Ford Motor Company of Canada, Limited. Engineers reported the chassis in excellent condition and the motor humming smoothly. Enginours were amazed at the car's performance, as it had travelled 20,290 miles before the transcontinental trip was attempted.

"Throughout the entire trip, the car performed excellently and no mechanical trouble of any nature was experienced," Morry said. "The return trip was made without any
