THE FAMILY

MCDOWELL—In loving memory of Annie McDowell, our dear wife and mother, who died September 30, 1930.

Gone from us thy smiling face, 'Thou happy, cheerful ways, The heart that won so many friends, In bygone happy days.

GEORGE MCDOWELL AND FAMILY.

This is October, the tenth month of 1931.

The September of 1931 has been a glorious fall month.

He who talks and runs away, may live to talk another day.

Yalton County Council will meet on Tuesday next, October 6.

Caledon and Milton Falls on Saturday drew numbers from Acton and district for the annual events.

Burlington Fair, drew quite a quota from Acton yesterday afternoon.

Thanksgiving Day is just a week from next Monday—October 12.

The way to bigger and more business is through the advertising columns.

The crop of turnips of this district is now being harvested and shipped.

The man who can't find anything to do generally finds with great caution.

Armistice Day on November 11 will hereafter be known as Remembrance Day.

The chill evenings are making it imperative to draw on the season's fuel supply.

With Erin Fair over to-morrow, the falls of this district for the year are completed.

Send in your items of news as early in the week as possible. They're doubly appreciated then.

There was quite a heavy frost on Sunday night, and it is reported that ice formed on small pools.

Quite a number from Acton attended the Lions' club boxing show and dance in Georgetown on Friday evening.

Buyers are looking for the outstanding values these days. That is why they turn instinctively to the advertising columns.

Geo. Ohlsholm, of Esqueping, who has never missed Milton Fair in 76 years, kept up his record by attending last Saturday.

The highway between Milton and Acton is apparently not receiving much attention, owing to preparations for work on it in earnest this fall.

The repairs to broken pavements and depressions and holes in the roadways about town will be appreciated by many an unshodded toe and untired shock absorber.

A resident was exhibiting this week a fine bunch of wild blackberries, picked the other day in the bush on the eighth line. Rather unusual for the last of September.

Certainly the Fair's Pass showing of personal Christmas greeting cards will include prices from \$1.00 per dozen up. It will pay you to leave your order to be printed in Acton.

Rodney won the baseball championship from Napawan by a score of 7-0 on Saturday. In view of this defeat, Milton made a splendid showing for championship honors again this year.

WHAT WORDS MEAN TO US

Good authority has stated that there is no word for duty in the gypsy language. That fact shows a serious lack in this romantic people, the lack of a sense of obligation. Missionaries attempting to translate the Scriptures into tongues of certain savage tribes, have found themselves handicapped by the fact that in these languages there is no word for purity, nor even a word for physical cleanliness. That ideal does not exist among the people so there is no word for it.

The English language has words enough, apparently, for every need, but some of the words in the dictionary mean little to many of you because you never use them, and do not even know what they mean. The word duty is in the dictionary, but how often is it on your lips? How often is it in your thoughts? How influential is it in your life? You young people who never speak of duty and never think of duty are not much better off for having that word in the language.

SCHLEITZ ORE FIND, LUNenburg COUNTY, N. S.

Diamond drilling which has been carried on for the past two months by a mining company in Lunenburg County, N. S., gives encouraging results as regards schleitz ore, according to information reaching the Natural Resources Department of the Canadian National Railways. A high percentage of tungsten is indicated in the mine shafts that have been sunk to date. One vein of schleitz measures 11 feet. Work is now proceeding on the fourth hole which has reached a depth of 67 feet, and several rich veins have been located. Drilling will continue until the end of the present month or the middle of October, when definite plans will be formulated with regard to more extensive development of the property.

CLOSING BOWLING GAME

Twenty Bowlers Wound Up the Season in a Local Tournament on Saturday—The Prize Winners and Their Scores

Even the rain on Saturday afternoon did not keep the bowlers away from taking part in the final game of the season. Twenty ardent bowlers turned out and between showers had two splendid games, ending up one of the most successful years of the club.

The prize winners were, A. Buchanan, first, 2 wins plus 19; J. Lelshman, second, 2 wins plus 15.

Through the generosity of Mr. J. M. McDonald, four baskets of peaches were donated for the next four high scores, the winners being, T. Bailey, 2 wins plus 13; H. Smethurst, 2 wins plus 8; W. Chisholm, 2 wins plus 3; B. Bayliss, 1 win plus 17.

GIRL GUIDE NEWS This is the First of the Series on Camp Impressions

Did you know seven days could pass as quickly as one? They certainly can, especially if you are at a beautiful camp, on a hill, overlooking a great blue lake, with green cedars all around, as we were. I don't think we could ever forget our camp and the good times we had there. If you had come to visit us, you would have seen four little houses in a row. The second from the bluff, and, naturally the most attractive, was the Bluebirds' (I hope you don't know it's a Bluebird writing this). Twice in succession we won the banner for having the neatest and best patrol and then Captain told us we couldn't get it any more, because we couldn't improve! And even when we did improve, after leaving our bunkhouse untidy the day before, for this very reason, we didn't get it, so we gave up hope of getting bad enough to become better.

Perhaps the nights were the best part of all. First, we had our camp fire by the water, and sang songs around it. Each night we had a programme and these got better and better as the nights went by. (The Bluebirds' programme was the last.) Then, some very weary Guides went to get into bed just to unfeelingly disturb all the little bugs which had been carefully tucked in for the night. I expect they thought we were cruel things to turn them out just as they had gotten comfortable.

"Then would some cries of 'I'm sure I see a horse or a cow!' 'Is that some men outside?'"

So in order to feel safe, we would hang our knives up where we could easily grab them, and the P. L.'s whistle had to be where it could be blown at a moment's notice. Pleasant reception a visitor would have got in our house! It was an awfully pleasant feeling to go to bed not knowing whether the cows would have eaten the sides off our house in the morning, or not.

The only very sad thing that happened was the death of Sammy Bluebird. He had a very serious heart attack, followed by a stroke. We invited the rest of the patrols to the funeral and it was a very weebony company that followed the little body to a much be-floored grave.

Nevertheless, we all had a splendid time, crammed full of thrills and fun, work and play, and all those things which make camping what it is.

If you don't believe eating, laughing, swimming (and working) are good for you, ask the Bluebirds. (The others don't matter, ahem!) If you take our advice, you'll go camping next year.

General Interest News

Canada's Wheat Crop The 1931 wheat crop of Canada is officially estimated at 271,400,000 bushels, of which 246,000,000 bushels will come from the three Prairie Provinces—Manitoba, Saskatchewan and Alberta. This year's crop is 126,472,000 bushels below that of last year. The largest production of wheat in 1931 is credited to the Province of Alberta, with 119,000,000 bushels, followed by Saskatchewan, with 101,300,000 bushels, and Manitoba, with 50,000,000. Production of other grains is also less in Canada this year than in several previous years.

Cabin Cruiser Burned at Oakville Residents of Oakville and neighboring districts were thrilled shortly after 7 o'clock Monday with the spectacle of a fire at sea, when flames were seen to shoot up from the cabin-cruiser 'Playfair', owned by Hugh P. MacKeechle, Secretary-Treasurer and General Manager of the 'Tip Top' Yachting Club, of Toronto. At the time the ship was about three-quarters of a mile out from shore, some two miles east of Oakville. When the blaze was noticed, a call was put in for the Oakville Life-Savers and the Toronto Life-Saving crew, the latter responding under Chief Billard Lang and Officer Russell, making the twenty-mile trip inside thirty minutes. When they arrived, Mr. MacKeechle and a companion, Harold Laurie, 21 Aylmer Avenue, Toronto, who was aboard the cruiser at the time, had managed to lower a tow-dinghy which was carried aboard, and clambered into it. They then rowed ashore. Arriving at the scene of the fire, the two life-saving crews went aboard, and, on investigating, found that the fire had originated in a gasoline stove used for cooking purposes. Helpless to quell the flames, and satisfied that there was no person left aboard, they could only watch on while the vessel continued to burn, and finally sank, as hundreds lined the shore looking on.
