#### PARMERS CAN PROFIT FEEDING BEEF CATTLE

Reasonable buying-in prices combine

(1) Although cattle prices are comparatively low, fed calves, yearings and About thirty Trafa'gar men are this two-year-old steers, properly finished have demonstrated that they can turn cur present plentiful and otherwise un- chef. marketable course grains into a reasonable profit.

(2) Well finished young cattle command a premium on the home and export market and never lack a sale. (3) Well finished young cattle have

sold on the British market at prices equal to those paid for the best home-grown

(4) Western conditions are highly favorable to the production of fed calves and yearlings. (5) Eastern conditions favor the fin-

ishing of steers eighteen months up to (6) The age limit for profitable feeding is two years.

(7) Outdoor feeding is generally practloable; and that barley, oats and bran put on fast gains, as much as two pounds per day being easily possible. (8) And that the market is constantly

bure of deep, well finished cattle, in strongest demand to-day, and there is a profit in catering to the market preference for these. The complete story of this opportunity is told in Phanphlet 143 (NS), which

has just been received by the Publications Mrs. C. E. Jenner, of Kitchener, is Branch of the Department of Agriculture at Ottawa for free distribution.

### THEY WERE PERSISTENT

The ambitious young actor had sot out to conquer the provinces with "Hamlet," but the tour noon ended, and he was compelled to walk home.

"Didn't they like you?" asked a sympathetle friend. "They didn't seem to." replied the actor

"But didn't they ask you to come before the curtain?" "Ask mel" repeated the would-be actor
