Acton Loses First Game to Elora 2-0 in a Slow Contest

"Shinny" Would Best Describe This Opening Encounter When Game Was Played in Elora Arena on Tuesday Night-Acton Scheduled to go to Elmira To-morrow Night and Elmira to Come to Acton on Monday Night-Will There be a Freeze-up?

Just one day and one night with about ten degrees of frost gave us some ac tivity in hockey circles to write about this week. But it didn't produce ice enough to give an exhibition of hockey. Everybody seemed anxious to get a game, so possibly that was the reason for the shish-event at Elora being pulled off. We would judge that all parties would now be content to wait for ice or go without hockey.

Acton had a good collection of faithfu fans who went with them to Elora in the rain on Tuesday night, and the Elora people supported their team to the extent that the grand total about hal filled the enclosure. The ice had little started and every skate took off just so Cleary was the very capable chairman when a child, first settling in Toronto, much surface st every stroke. Acton teem looked real natty in their new outfits but a very important feature was omitted in their manufacture—they should have been rubber-lined. Acton lost 2-0 and without a doubt Elora deserved to win. They had the advantage of their own rink and an ice condition but that's not an alibi. Maybe Elora likes fast ice, too, and these two teams will always put up a real struggle on any rink, and the fans can be assured of a real contest when Acton and Elora are scheduled to meet.

Bill turned them all-off. The most of the play was at Acton's end of the rink. The first goal was scored in ten minutes. It was a shot from the blue line. Elora played the corners and shot across the affair. It was a splendid effort in every mouth of the goal. Acton tried to carry the puck and play combination. It was hopeless under the ice conditions. Salmon was just through everything when he was dumped. Elora drew two penalties, to Acton's one and the period ended 1-0 for the Elora Rocks.

The teams seemed more show last night, the Post Office officials evenly matched and the period had will see that your contribution goes right livelier spasms than the --- first verse. into the collection plate. Rudow, in goal for Elora, laid on the puck a couple of times to save the situation and Holloway had some interesting moments, but put in a fine performance of net-minding on some o Elora's nicely placed shots. The one that registered was shot from centre ice and glanced off the defence man and Just nestled in over the line in the goa mouth. Acton was improving and the exertions of Elora in the opening period slowed them up in this frame. They were sitting pretty at its close, with 2-0 lead. Three penalties went to Elora

and Acton drew the same number. Terry didn't come on the ice in the third period on account of a bad hip. which played out in the mud race. The ice was still closer to the earth as Act III. same scene was given. Elora, with a comfortable lead, went on the defensive and Acton pressed hard for some roals to even the proposition up. developed into a long range bombardment. It was almost impossible to carry the puck or pass it. Shinny would bettter describe the contest. The batting and catching bractise was good, but the hockey was poor. "Gout"-tried knocking flies to the outfield, and the referee kept tempers at normal by repeatedly ringing the bell. Walters got a stick in the eye but after minor repairs was soon back. There wasn't any scoring by either team. Acton seemed to have one but it was not allowed, as it was from an offside pass. The game ended 2-0. Elora drew three penalties and Acton none. With everything taken into consideration, the Acton fans have nothing to lose heart over, but may earnestly wish that good ice will be available for all other games. regardless of who their opponents are:
