

The Community's Social Side of Life

Visitors to and From Town During the Past Week, as Gleaned by The Free Press

Mr. Arthur Gamble spent the week-end with relatives in Toronto. Mrs. D. Carnahan spent the week-end with relatives in Kitchener. Miss Helen Ostrander spent the week-end with friends at Elmira. Miss Emma Robinson spent the week-end at her home in Kewlinworth. Miss Nellie Hall, of Toronto, spent the week-end at her home here. Mr. Robert Scott, of Kitchener, spent the week-end with Acton friends. Mr. C. R. Dean, of Royal Oak, Mich., called on friends in town on Tuesday. Mr. "Bud" McDonald, of Acton, spent Monday in town—Braebridge Gazette. Mrs. George Agnew, of Guelph, attended the funeral of Miss Hazel Mason on Saturday. Mr. Frank Kennedy is in Wingham attending the funeral of his brother-in-law, Mr. Amos Tipping. Mr. and Mrs. George Dessureault and family, of Kitchener, visited over the week-end at the home of her mother. Mr. and Mrs. Roy McIntosh and Mr. Grant, of Oshawa, spent the week-end at the home of his parents, Mr. and Mrs. Jas. McIntosh. Friends regret that the condition of Mr. Malcolm McLean, who has been ill for the past two months, does not show any improvement. Mr. George Fields, who was taken ill while at his work at the tannery last week and removed to his home, is showing some improvement. Mrs. J. McPherson (nee Miss Edith Smith) of Toronto, called on Acton friends on Tuesday and attended the funeral of the late Adam Stewart, of Kitchener. Mr. A. C. Salmon was taken to Toronto on Wednesday, March 2, by ambulance. Mr. Salmon was taken to the Private Patients' Pavilion, General Hospital, for an immediate operation. Mrs. Salmon and Nurse Hamilton accompanied the patient—Braebridge Gazette.

HOW TO WASH BUTTER

As the making of dairy butter continues to constitute an important phase of farm operation, the following excerpt from Bulletin No. 57 N. S. Department of Agriculture, Ottawa: "Buttermaking on the Farm," will be of interest. The butter should be washed as soon as churning is finished and only pure clean water should be used. If the butter is for immediate use, rinse the butter by sprinkling two or three dipfuls of cold water over the butter, allowing it to run off at once. Then run in a little less water than there was cream and revolve the churn as in churning until the granules are about the size of large peas and draw the water off immediately. In very warm weather have the water about 2 degrees colder than the butter-milk and in cold weather from 2 to 3 degrees warmer. If the butter is intended for packing, run in slightly more water than there was cream, about 2 degrees colder than the buttermilk, and revolve the churn quickly about half a dozen times and draw it off; then wash a second time, using a little less water than there was cream, at the same temperature as in churning, and revolving the churn as in buttermilk until the granules are about the size of large peas and draw off the water at once."

SCARS ON FURNITURE

A wooden surface which has been marred by unsightly scratches may be greatly improved by the proper application of equal parts of rottenstone and oil. The rottenstone powder can be obtained from any hardware, paint or store and any good oil may be used as a lubricant. Linseed oil is probably best. Rub the mixture into the scar with a soft cloth. Small scratches are completely obliterated by this treatment and large scars are made less conspicuous. Repeat the process if necessary. Afterward, the entire surface of the piece of furniture should be rubbed to a high lustre with furniture polish. Ink spots on lacquer, paint or varnish finishes may be removed with a hot, strong soap solution. Full strength ammonia removes grease stains from unfinished wood. It is also very good for hot water stains on varnished or painted surfaces. However, it is detrimental to the finish and must be used in small quantities, quickly. Dampen the cloth slightly with ammonia and rub the spot lightly. Unless the stain has penetrated the varnish, this treatment will be satisfactory. For deep stains, the varnish must be removed and the piece refinished. Ammonia must be carefully rinsed from the wood with clear water to prevent damage.

FINISH IN BEEF STEERS

"Finish in the beef steer is indicated by a well-covered back and smoothness over the rump and pinbones. Rolls of fat at the sides and at the tall head are objectionable. Fullness at the base of the tongue and at the neck vein; a low, full flank, a full twist and a bulging or thickness at the thigh all indicate that the animal has reached the maximum weight for profit."

Entered Into Rest

and went to spend his declining years with his only daughter, (Nina), Mrs. W. D. Frick, where his years, that otherwise would have been lonely, were made bright and cheerful. He was, however, a frequent visitor to Acton, and usually spent a number of weeks each year with his sister, Mrs. C. Sayers. He was a son of the late John Gibbons, a pioneer of this district. Two brothers, Harry and Albert, of Acton, and Mrs. C. Sayers, of Acton, a sister, are the only remaining members of the family. Mr. Gibbons was a member of the Presbyterian Church, and the funeral service in Acton on Wednesday afternoon, at the home of his sister, Mrs. Sayers, was conducted by Rev. H. L. Bennie, of Knox Church. Mr. and Mrs. Frick and Mr. and Mrs. Lewis and Mr. Solomon, of Toronto, attended the funeral here, and interment was made in the family plot in Fairview Cemetery, beside the beloved partner, who had gone on before. The pallbearers were Messrs. E. Cripps, G. H. Brown, Wm. Cole, H. Avey, H. McCutcheon and A. J. Murray.

MISS HAZEL L. MASON

Another bereavement was added to the family of the late Mr. and Mrs. William Mason when Miss Hazel L. passed away very suddenly on Thursday evening. During the past four years this family has been bereft of five members—three of them very suddenly—and the sympathy of all the community goes out to them in their affliction. Miss Hazel L. Mason was taking part in the programme of the Junior I. O. E. concert when she was seized with a heart attack. She had accompanied her sister at the piano for a French horn solo. The audience demanded an encore and a trio vocal number with the Misses Mason and Miss Ruth Gibson was given and Miss Hazel, playing the accompaniment. This number again delighted the audience and they were retalled to the platform. The opening chords of the first selection were played and as the trio started to sing the piano so often and so well faltered. Her sister, Miss Lottie, came to her assistance and friends assisted in carrying her from the platform to the dressing rooms. The family physician responded immediately to the call but she had expired a few moments after the heart seizure. The sudden death of Miss Mason has cast a gloom over the entire community. She was a bright cheerful young woman and had lived here practically all her life. In musical and athletic activities she was very prominent, where her ability and energy was always recognized. She had charge of the office of the Acton Machine Co. here, and was most faithful and efficient in the fulfillment of her business duties. She was a member of the United Church choir and in orchestral and instrumental musical work was always able and willing to assume her part. Miss Hazel was also a member of the Ladies' Softball Team and as in other activities so in athletics, she gave of her utmost to the task in hand. In the young people's work of the church she took an active part and there is scarcely an activity of the community in which she will not be missed. To her twin sister, Miss Lottie, who was her constant companion, and Mrs. F. McIntosh and her brothers, Mr. Bert Mason, of Brantford, ex-Warden A. Mason, and Mr. C. W. Mason, of Acton, the sympathy of all will go in this sudden bereavement. A wealth of floral tributes bore testimony to the esteem in which Miss Mason was held and were sent by the following: The Family, Ltd.; Mr. and Mrs. Bert Mason, Brantford; Mr. Frank Switzer and Edgar Switzer, Brantford; Mr. Jos. Agnew and Ray Agnew; Mr. and Mrs. Jamie McLeod, Kingston; Mr. and Mrs. Edgar Bell and Lorraine, Guelph; Misses Dorothy McPherson and Mary Chalmers; Miss Viola Strange, Barrie; Miss Margaret Brown, Toronto; Mr. Bill Turner, Hamilton; Kitchener Ladies' Band, Kitchener; the Ratz Sisters, Kitchener; Mr. and Mrs. George Dessureault, Kitchener; Mr. C. A. G. Matthews, Toronto; Ladies' Softball Club, Acton; Mason Knitting Co. and Mason Glove Co., Storey Glove Co. Limited; Jr. I. O. E.; Mr. and Mrs. C. H. Harrison; Mr. W. A. Storey; Mr. and Mrs. R. R. Arnold; Mr. and Mrs. J. Ramsden and family; Mr. and Mrs. Neil McNabb and family; Miss Helen Cook; Mr. and Mrs. Frank Kennedy and Lorna; Mr. and Mrs. R. Wallace, Cameron Street; Mr. and Mrs. J. W. Jones; Mr. and Mrs. W. Middleton; Mr. Norman Hinton; Mr. and Mrs. Robert Scott, Kitchener; Mr. and Mrs. Wm. Hall and Nellie; Mrs. Joseph Holmes; Mrs. W. J. Waller and Viola; Mr. and Mrs. D. J. Jones and Flora, Goderich; Mr. and Mrs. Harry Whitner, Goderich; Ladies of United Church; United Church Choir; Fellow Leaguers of United Church. The funeral from the home on John Street on Saturday afternoon was largely attended. Friends in the home town and from other centres who prized the friendship of Hazel Mason gathered to pay their respects. Among those from out of town were the following: Mr. and Mrs. Bert Mason, Mrs. E. Martin, Miss Mary Foster, Mr. Foster, Brantford; Mr. and Mrs. Bert Tisdall, Mr. Robert Scott, Mrs. George Dessureault, Kitchener; Mrs. B. Tisdall, Miss Aileen Haines, Miss Marian Brown, Miss Margaret Brown, Toronto; Mrs. Frank Switzer, Mr. Edgar Switzer, Brantford; Mr. and Mrs. Edgar Bell, Guelph; Mrs. D. L. Jones, Mr. and Mrs. Harry Whitner, Goderich; Miss Viola Strange, Barrie; Mr. and Mrs. Roy McIntosh, Oshawa. The service was conducted by her pastor, Rev. C. L. L. Poole, and interment was made in the family plot in Fairview Cemetery. The pallbearers were Messrs. Ted Clifford, Grenville Masales, Rudolph Spellweg, Colin McNabb, Charles Kirkness and Mrs. Symon.

PURE MAPLE PRODUCTS

This is the time of the year, with longer days, more sunshine, and the touch of spring in the air, that makes one think of that treat of treats associated with the coming of spring—maple syrup and maple sugar. The industry in Canada has been revolutionized to such an extent that it now ranks as a manufacturing art, but what is more important, under the provisions of federal legislation brought into effect last year where any product is offered for sale or use in public, the word "maple" is required by law to mean "100 per cent. pure." That is, absolutely no adulteration or modification of any kind other than those elements derived from pure maple sap itself are permitted. The bulk of maple production finds a market in the form of sugar in great demand by tobacco interests for seasoning and curing their products. Probably the next important market is found with the ice cream trade, which now uses absolutely pure maple syrup to flavor their product sold as maple ice cream.

A CHANCE OF PATRIOTISM

Patriotism is a flame that fluctuates; it burns up brightly in times of war, and is likely to die down in peace-times. It is strange that citizens who give their sons to fight the country's battles, often fail to register, to go to the polls, or to satisfy themselves what men and measures are worth voting for. Patriotism should inspire to more than the defense of our beloved land against armed foes; it should inspire us to make it a safe and happy dwelling place for all over whom our flag flies. The accidents which furnish our newspapers with a large proportion of their items, the deeds of violence which make a mockery of law and order, are all a shame to our citizenship. The ugly little towns without flowers and trees, with nothing restful or beautiful about them, give a chance for us to show our patriotism. Because you cannot do big things, do not be ashamed to attempt small ones. Make your corner of the world safer and more serene. Put some beauty into it. One who plants a garden in the spring, and cares for it during the sultry days of summer, that the eyes of the passer-by may be cheered by bits of color, has a right to count himself one whose patriotism keeps active in times of peace.

DODGING RESPONSIBILITY

The young people who are doing their best to dodge responsibility, should realize that this means leaving a double load for some one else. No one ought to be over-worked, and no one would be if each did his share. The people who do not work, are supported by the workers, and those who break down under too heavy a burden of responsibility have been shouldering the load of the shirkers. After all, the shirker pays, for responsibility is the biggest factor in our development. Doing merely as you are told, and going where you are sent may get your bread and butter for you, but it will accomplish very little in making you a finer, stronger human being. The shirker gets out of a great many hard tasks, but he pays by making himself weak. Do not be afraid of responsibility. Do not run away from it. For if you do, you will pay the cost in loss of power, and in a dwarfed, crippled personality.

EASY TO BUY

Ann—"The man I marry must be able to put the world at my feet." Dan—"Well, I have twenty-five dollars in cash. Will you be satisfied with Russia and Germany for a starter?"

MARKET REPORTS

DRINK MILK FOR GOOD TEETH

That good teeth have a direct relation to good health and that defective teeth may lead to serious illness, are two well-established facts. Medical authorities are stressing to-day more than ever before, the importance of building strong teeth and of maintaining them in good condition by eating the proper foods, by keeping them thoroughly cleaned, and by having them examined periodically by the dentist. The minerals necessary for good teeth are, fortunately, supplied in our most common and abundant foods. Milk, high in calcium, stands first as the chief tooth builder and it is of vital importance that the diet of both children and adults should include a sufficient amount of this food to supply the calcium requirement. There will be no danger of a deficiency if milk is served as a beverage, particularly for children, and generously used in the making of cream soups, creamed meat and vegetable dishes and milk desserts. Department of Agriculture, Ottawa.

BELL-RINGING AN ART

Bell-ringing is an extremely intricate and fascinating craft. It has flourished in Great Britain since the time of Edward the Confessor. Many of the old bell-ringing guilds are still in existence. Among the oldest are the Scholars of Cheshire, founded in 1602, and the Society of College Youths, whose charter dates back to 1637. British love of bell-ringing, or campanology, has earned the title of "The Ringing Isle." Many long peals have been achieved. A peal of bells consists of not fewer than 5,000 changes, and usually takes about three hours to ring. The record is held by men of the College Youths, who in 1922 sounded 21,363 changes on the church bells of Appleton, Berks. No single stop was made either for food, drink, or a talk, and the time taken was twelve hours, twenty-five minutes. Several unsuccessful attempts have been made to surpass this record ring.

HOW TO PLANT TREES

As a sequel to the taking over by the Experimental Farms Branch of the federal Department of Agriculture of the Forestry Experimental Station in Saskatchewan, the Publications Branch has available for distribution in Manitoba, Saskatchewan and Alberta a supply of copies of a special bulletin—Forest Service No. 1—on the subject of tree planting on the prairies. This bulletin is one of the most interesting and practical treatises on the subject to which it relates, and is certainly well worth the trouble of writing for a copy. Shelter belts of suitable trees and hedges are doing much to raise the standard and comfort of home-life on the bold prairie areas. For success in growing trees or hedges under prairie conditions one must know what to plant, when to plant it, how to plant it, and where to get it. These points are all dealt with fully in the bulletin referred to.

GREGORY THEATRE
