General Interest News

Fifth Bank Robber Tried After an hour's deliberation, a jury at the General Sessions at Guelph last Thursday, returned a verdict finding Bernard Brodhoeker, of Kitchener, guilty of armed robbery of the Bank of Toronto branch at Morrison last November. Four of Brodhoeker's confederates, Harvey Blundell and William Harbermah, of Preston, and Milton Moreland and Earl Watchorn, of Kitchener, who are serving terms in Folsmouth Penitentiary for the robbery, testified at the trial, their evidence going to show that he was a member of the party the day the bank was robbed. Brodhoeker, in his defence, while admitting he was with the others, claimed that he was on a side road, unaware that the bank was being robbed. He also admitted receiving some of the \$1,500 stolen in the hold-up, but said that at the time he was led to believe it was money with which to purchase a quantity of liquor. His suspicions roused by the sight of a laborer riding round in an expensive car, Provincial Constable Arthur Bosworth is given credit for uncovering what is believed to be an extensive stolen car racket. As a result of the officer's work, James Wilson, of Cooksville, is under arrest, and three cars have been seized, at least two of which are alleged to have been stolen in Montreal. Bosworth decided to question Wilson last Tuesday about the car he used, a 1932 model of an expensive make. Examining his ownership card, the constable says he found irregularities, and arrested Wilson on a charge of having improper license plates. Searching Wilson's rooms, Bosworth says he found Quebec license plates. He communicated with Montreal, where police claimed the description of Wilson tallied closely with that of a man wanted there for car thefts. A list of stolen cars was forwarded. Later, Stewart Smith, Hamilton lawyer, went to Brampton jail to arrange bail for Wilson, only to have his car seized by Bosworth, who said it was one of those reported stolen in Montreal. Smith said he bought the car from Wilson last year, turning over another car as part payment. The latter car, it is claimed, was sold by Wilson to an Brindale man. It was also seized until investigations are completed. Inspector Albert Ward, of the Criminal Investigation Department of the Provincial Police, was assigned to conduct further investigations after the case had been reported. In the meantime, Wilson is held at Brampton, without bail. It is understood that he denies all charges.

WOMEN'S MISSIONARY SOCIETY RALLY

Eastern Section of Hamilton County Held an Enjoyable and Profitable Gathering in Acton Last Friday in United Church

The Hamilton Presbyterial Eastern Sectional Rally of the Women's Missionary Society was held in Acton United Church on Friday, June 17, with Mrs. H. Inglehart, Vice-President of the Presbyterial, presiding, assisted by Mrs. (Rev.) G. Aitken, President of the Presbyterial, with sixty-nine present. Out of ten auxiliaries, all responded to the roll call, and each submitted splendid reports, which showed that in spite of present conditions we realize that our Women's Missionary Society are putting first things first. Six Mission Bands and three Baby Bands reported doing active work. Miss McKay, of Ballinacraig, gave splendid thoughts on Baby Band work, stressing that this was the vital and all-important time of the missionary work, that "the seed was in the cradle." The Mission Band banner was on display, with rules for competition, which is to begin in 1933. Mrs. Caldwell, Temperance Secretary of the Presbyterial, reported that she was encouraged by the response of this new branch of the Women's Missionary Society to use prayer, which alone would be the tide to carry our missionary work to success. Prayer broadens our ideas of others. Reference was made to several missionaries who have accomplished much through prayer. Miss Little, President of the Guelph Presbyterial, and Secretary of Candidate Work of the Hamilton Conference Branch, spoke for a few minutes on her candidate work. Through her work she has been instrumental in placing many girl candidates in our mission fields. She stated that our part was "Gifts and Prayers." So let us do our part to help these girls and others in the home and foreign fields. Miss Sinclair, President of the Kamloops and Okanagan Valley Branch, brought us a brief but helpful message. Mrs. (Rev.) McLaughlin, of Hamilton, gave a few minutes during the morning session to temperance work; she stated that we, as a Women's Missionary Society, must link ourselves to help overthrow the liquor traffic; she congratulated the County upon not having a liquor store. Mrs. Beas, of Milton, also spoke. Mrs. (Rev.) R. W. Humley, of Georgetown, favored the meeting with a solo at the morning session. During the afternoon Mrs. Velich and Mrs. J. C. McMillan, of Melville auxiliary, sang a duet. Mrs. (Rev.) G. Aitken, President of the Presbyterial, spoke most fitting remarks at the close of the afternoon session, concluding by saying: "We should work as though everything depended on us, and pray, as though everything depended on God." It is felt that much food for thought had been gleaned from the splendid reports and addresses of the Rally. An invitation was accepted from Bronte for the 1933 Rally.

Variety of News

Caledon Clerk Dies Charles Alfred Lovell, Caledon Township Clerk, died at his home at Alton last Friday, after being ill a week with pneumonia. He was the son of Mr. and Mrs. John Lovell, of Alton, and is survived by his wife and three children, Betty, Phyllis and William. He was a member of the United Church. During the war he served with the Royal Air Force. Scouts to Act as Messengers at Imperial Conference Boy Scouts will be used as supernumerary messengers at the Imperial Conference, which opens in Ottawa on July 21. Only Scouts over fifteen years of age, holding first-class rank and 1932 registration are eligible. The out-of-town Scouts will be quartered in the Boy Scout Dominion headquarters building, and while working entirely without remuneration, Scout authorities are arranging to make their visit an enjoyable as well as an educational one. A QUESTION OF EMPHASIS The difference between the happy people and miserable one is frequently only a question of whether they give more thought to the things they have or those they lack. Healthy people who have to count every penny, think themselves tremendously lucky if they compare their state with that of some chronic invalid or some one else who is trying to get through each day's work in spite of the handicap of ill health. If instead of laying the emphasis on health, they put it on money, and compare their impetuous condition with the wealth of some acquaintance, they may grow to feel that they are the most unfortunate of human beings. Perhaps a little discontent is a good thing as a spur to ambition, but be careful not to overdo it. Better think of the good things you have and be happy, than dwell on the good things you seek and be miserable.

Acton Won Again from Georgetown

seventh place in the batting averages, up to second. Walters also made a decided jump, coming from ninth place to third. "Dougie" Carmichael was present at the game, and has to use crutches after his injury in the game with Milton, but he says he will be in the game next Saturday if he is at all possible. "Huffie" almost spoiled Benjamin's home run. When "Bennie" was rounding third, Huffie started pounding his glove and hollering, with the result that Bennie stopped right up, thinking Huffie was getting the ball. But the base coach put him wise, and he started for home again, and beat the ball. The trick almost worked. Chalmers said he could hardly pitch such a bad game again, his curves were not breaking right, and just went the opposite from what he wanted. "Huffie" could never tell what the ball was going to do, and his hand was all swollen. "Minute" was probably the most delighted man on the team. His home run was the first real clutch he has made since donning an Acton uniform. It would have been a hundred per cent better if he had gotten it against "Blackie." Talking about homers, it was the first time Chalmers has ever seen all the bases at the same time. Kelly McNally made not a bad showing as it was his first big game. In offering sympathy, one fan remarked: "Never mind, kid, you'll be a pitcher before the big kid that pulled you out." Beaumont, the grunt artist of the Georgetown team, only got one single on Saturday. Milton beat Oakville on Saturday by the score of 6-5, but it took eleven innings to accomplish it. The game at Georgetown on Saturday will complete the first half of the schedule, and Oakville hasn't won a game yet. The team is batting at an average of .308, and have collected 40 runs, and 58 hits in five games, 189 times at bat. Not bad. Leshman didn't play a bad game at second, having four put-outs and five assists without an error.

By Edson R. Waite, Shawnee, Oklahoma Those, who at the beginning of the year, turned their binoculars on the cloud of depression in the hope of discovering even a vestige of the silver lining, will have to put them away again if the opinions expressed by many of our leading politicians can be believed. The present world trade depression is largely, though not wholly, psychological, and the problem is how best the world can be restored to a normal condition. Many of our politicians seem to think that it can economize itself into prosperity, while most of the rank and file think that we should pay some little attention to making better business for all. In the meantime, it looks as though it is just a case of taking in another hole in our belts and living in the hopes that this economy wave will die a natural death. When it does, attention will be turned to increasing business, making more payrolls and markets so people will again be able to work, make a living and have something to spend. Directly the Government will benefit most when money is kept circulating. What would please the people most is to be able to make enough to pay an income tax.

GIRL GUIDE NEWS

Summer arrived on Tuesday, and with it came warm weather, beautiful flowers and summer birds. Another important item comes nearer also: Camp! And we Guides must work harder during the weeks of July and August. That won't be the first time we've worked hard, though, will it, Guides? When we find ourselves in that lovely, large tent that the Lakeside Chapter of the I. O. O. E. have given us, we'll be repaid. Again we offer our congratulations to the Guides who have passed their examinations successfully and our good luck goes to those who have yet to try theirs. Don't forget that Captain will welcome any Guide at her home to read her Christmas program to the Guides—the "Guides." It has the most interesting stories and also instructions for those unfortunate ones who are unable to swim! There are messages from "The Urchin," "Captain," and most important of all from "The Chief Guide and Chief Scout." Besides, "The Guide," there is the "Guide" to read. You'll enjoy this equally as much as the first. Who'll come any afternoon, from three to five o'clock? Guides are invited to come to Captain's home on Tuesdays and Fridays, from three to five o'clock, for assistance in their Needlewoman's Badge. With sewing-bags under our arms, "we'll go marching on." "Toodoo-oo," 'til next week! SOLID IVORY Before they wed She often said He had a "marble brow." After a year All you'll hear He is a "bonehead" now. Witticisms are never agreeable when they are injurious to others.
