BROWNIDGE FAMILY RE-UNION

Nearly Two Hundred Held Gathering on Dominion Day at Farm in Esqueping Township

On Friday, July 1, Dominion Day, descendants of the Brownridge family held their Sixth Family Re-union on the farm of Mr. Thomas J. Brownridge, lot 4, seventh concession of Esqueping, in Halton County, an event which is held every five years. Relatives to the number of 183 gathered from Toronto, Hamilton, Niagara Falls, Buffalo, Brantford, Georgetown, Milton, Burlington, and surrounding points. Undaunted by a rainy day, which at first threatened to seriously interfere with the enjoyment of the occasion, they were eventually favored by generous smiles from Old Sol, and a good time was had by everyone. The barn, suitably decorated with bunting, served as a meeting place, where old family friendships were renewed. A large marquee was erected on the lawn, where meals were served by the Table Committee, under the chairmanship of Mrs. J. C. Irvin, of Weston. The time-honored Barnyard Gold Tournament (Horseshoe Pitching) drew a field of over 30 entries. After some very close contests, in which ringers and leavers were not infrequently the final round brought together the team of Wm. C. Irvin, Toronto, paired with Herbert Wheeler, of Belgrave, and Earl Brownridge, Toronto, paired with Goldie Wheeler, son of Herbert Wheeler. The experience of years, however, proved too much for the younger pair, and the first named team won by a score of 21 to 13. An interesting programme of races was run off in the afternoon, with the following prize winners: Dizzy Izzy Race, for boys 14 and under—Lloyd Brownridge. One-legged Race, for girls 14 and under—Betty Arthurs. Potato Race, open to boys—Lloyd Brownridge. Peanut Race, open to girls—Mrs. B. Bridgen. Transfer Race, for mixed couples—Earl Arthurs and Dorothy Brownridge. Lucky Spot Race, for men—Wm. W. Brownridge, Georgetown. Egg Rolling Race, for women—Mrs. Fred Arthurs, Buffalo. Sir Walter Raleigh Race, for mixed couples—Betty Arthurs and Wyatt Irvin. Blind Horse Race, for mixed couples—Clarence and Dorothy Brownridge. A keenly contested softball game was played between the Toronto Maple Leaflets, under Captain Albert J. Spry, of Toronto, and the Esqueping All Stars, under Capt. Fred J. Arthurs, Buffalo, with Roland Jarvis, Milton, as umpire. The information leaked out after the game that the score was 9 to 8, in favor of the Leaflets. This is disputed by the All Stars and a group of auditors are now engaged in trying to verify the correctness of this information. A new feature which proved of considerable interest was a large chart, displaying the "family tree," prepared by Wilfrid F. Irvin, Toronto. This shows the lines of descent of all the descendants of Thomas Brownridge and Eliza Ward who homesteaded this very farm 110 or more years ago. A great deal of additional interesting information, with regard to the family history, was forthcoming from those present, to augment that already on record. Thomas Brownridge, the original head of this family in Canada, came from Yorkshire, England, in 1819, and started clearing operations on the farm. He married Eliza Ward, whose family lived near Islington, Ontario, about 1827. They had a family of seven sons and one daughter, when Eliza Brownridge died, in 1842, at the age of 37 years. She was followed in death by her husband, in 1850, aged 60 years, and by his unmarried brother, William, in 1863, aged 87 years. All three are buried in a little family cemetery on the farm, not many yards from where their descendants reunited on this occasion. The original homestead has passed down from generation to generation and has been owned by some member of the Brownridge clan for 110 years. Part of the present home was built by the original owner, in 1842, and is therefore 90 years old. It superseded the original log cabin, which was the first ancestral home of the family in Canada. The eight children of Thomas Brownridge and his wife have over 280 descendants, making a total of nearly 300 descendants of the original family including 12 children in the sixth generation. The oldest living descendant present on this occasion was Wm. Brownridge, of Fruitlands, Ontario, who is seventy-seven. The youngest descendant present was Margaret Isabel Crozier, of Georgetown, just three weeks old. Toward the close of the afternoon, the following officers were elected for the next five-year period: Honorary President—Mr. Thomas J. Brownridge, the Homestead. President—Mr. Fred J. Arthurs, Buffalo. Vice-President—Mr. Foster Brownridge, Milton. Secretary—Miss Emma Brownridge, Toronto. Convener of Table Committee—Mrs. John E. Brownridge, Toronto. Convener of Sports Committee—Mr. John Guthrie, Toronto.

MAN'S SEVEN MISTAKES

Man's imperfections lead him to make many mistakes in life, and the pointing out of these frailties has engaged the attention of philosophers and reformers of all ages. A recent writer enumerates what he considers to be the seven greatest mistakes of man, as follows: 1. The delusion that individual advancement is made by crushing others down. 2. The tendency to worry about things that can not be changed or corrected. 3. Insisting that a thing is impossible because we ourselves can not accomplish it. 4. Refusing to set aside trivial preferences in order that important things may be accomplished. 5. Neglecting development and refinement of the mind by not acquiring the habit of reading. 6. Attempting to compel other persons to believe and live as we do. 7. The failure to establish the habit of saving money.

IN THEORY. Husband and wife were seated in the garden in the dusk of a summer evening. He was doing most of the talking. "Very interesting," she said, when he finally concluded. "I'm glad to find you're so interested and impressed, dear, by these explanations about banking and economics," he told her presently. "Yes, darling," she replied. "It seems wonderful that anybody could know as much as you about money without having any of it." Wine invents nothing; it only tattles. It lets out all secrets.—Schiller.

THE WHIP Is in Your Hand. When our grandmothers went out shopping they were prepared to match their wits against the shopkeeper's. His was the whip-hand. Prices were anything the dealer had to pay, plus a profit. And his profits were as elastic as his necessity—or opportunity. Our grandmothers had a very fine knowledge of silks, cottons and woollens. They used their eyes and fingers in buying. They tasted and sniffed at foodstuffs. Our grandfathers knew an intimate lot about woods, stains and veneers. They knew leathers and machinery and cutlery. They had to. To-day you can shop with assurance by designating this brand of this and that brand of that, and hardly bother to check the price on the bill when it comes. You can send a twelve-year-old to market with a note and never have a doubt of kind, quality or price—if you buy advertised goods. Advertising has established standards, established values and established confidence. Advertising forces fair dealing and honest merchandise. It puts the whip in your hand. Do you read the advertisements? When you ask for a product by name, as a result of advertising, do not accept a substitute—substitutes are offered, not as a service to you, but for other reasons.
