GEORGETOWN WON AGAIN

From the Acton Baseball Nine in an Exhibition Game Last Saturday by a Score of 5-2

Acton played an exhibition tilt in Georgetown on Saturday and finished on the short end of a 5-2 score. Acton put up a good fight despite the fact that they were minus the services of Terry, Carmichael, Walters, Tyler, Chalmers played second base for his first time; Bob Hall played left field and "Timmie" Masales covered Terry's position at right field. Neil Gibbons opposed Walters on the mound to start the game. Neil started off in good shape and kept the few hits well scattered, but he had a bad inning in the fourth, when the paper boys scored three times without a hit. Eight men faced Neil in this frame, and five got on base, two were hit by a pitched ball, one walked, one got on through an error and one through a field's choice. This was all the runs Georgetown needed to win the game, as Acton only scored twice. With two on, Frank Gibbons smashed out his second double to score two runs, but he was left stranded at second.

Chalmers went in to finish the game in the fifth inning, and held the home boys to one hit, which was a double by Tost, he went to third on an overthrow and scored on a wild pitch.

"Whitney" proved the heavy hitter of the day, having three hits out of five times to bat.

Merle Dean, Streetsville, was charged with reckless driving by Provincial Constable T. H. Owens, as a result of the inquest held into the death of Percy Hodgman, Toronto, fatally injured on August 15. Transient Traders' Fees Objected To

The meeting of Acton Council on Monday evening had Councillors Cowie, Jones, Nicol and McArthur present, and Reeve Theford in the chair.
The minutes of the last meeting were read and adopted.
Mr. Charles Parker was present to request permission to put a drain in to wash cars. He pointed out that it would be just clear water that went into the drain and it would not be used in winter. The matter will be reported upon later.
Messrs. Holmes and Kingshot were present. They took exception to the charge of \$25.00 as transient traders' on the gas grading station. They claimed that they did not buy or sell eggs to the consumer, and that they could see no reason for paying this levy. They were willing to pay a business tax, but not the transient traders' fee. The Council pointed out that as it was a government statute, they felt they could do nothing but make a charge. The Clerk was instructed to look up the statutes and the matter would be settled at the next meeting.
The nineteenth report of the Finance Committee was presented, and payment of the following accounts recommended: G. H. Lanz, drawing gravel and rubbish to the Park \$ 2.50 Acton Public Utilities Commission, street lighting 144.75 Acton Public Utilities Commission, power at spring 19.24 Acton Public Utilities Commission, pump-house lighting81 Acton Public Utilities Commission, Town Hall lighting 2.42 Acton Public Utilities Commission, Arena lighting 4.67 W. Upon motion of Messrs. Cowie and Jones, the report was adopted.
President McKewen, First Vice-President Ramshaw and Secretary-Treasurer F. L. Wright, of the Acton Fall Fair Board, were present to give the Council any information regarding the Fall Fair. Mr. Wright pointed out that the prize list contained \$1,122 in prizes, not including the special prizes.
The Council gave the Fair the same grant as last year, namely \$150, with the understanding that the Fair would pay the town a rental fee of \$100 for the use of the Park and Arena.
The Fair Committee thanked the Council and requested the municipal body to be present at the Fair and to welcome the special speaker of the day.
Mr. George Agnew had complained that he had paid taxes on his sidewalk for longer than the debenture issue called for. After looking up the by-law it was found that the tax had not been paid yet but soon would be matured.
A letter was received requesting the information re taxes on properties damaged by fire. The Clerk was instructed to look up the files on this matter before the next meeting.
A letter from Mr. W. Coleman, Jr., pointed out that Hillcrest Avenue, where his property was situated had neither a light or sidewalk.
It was pointed out that to make these improvements the taxes on the property would be raised. The matter was left with the Light Committee.
It was suggested that the lights would be of greater advantage to the whole of Brock Avenue if they were changed over to the opposite side of the road.
The matter of daylight saving time was brought up and it was decided that if there was an election in the fall a vote of the ratepayers on the question of daylight saving would be taken.
A letter from the railway regarding the cattle guards was ordered to be filed.
The matter of distributing the trucking business of the Corporation was discussed, and the general feeling seemed to be that this work should be divided among the various truckers.

FRED W. ADSETT, Eramosa

A promising young life was brought to an untimely close in the passing of Fred Adsett, youngest son of Margaret and the late Thomas Adsett, of Eramosa Township, in his 24th year. The deceased was a teacher by profession, having taught in Wyevalle, Cookstown and Jarvis, being Principal of Jarvis Continuation School from midsummer, 1930, until the end of this year, when falling health compelled him to relinquish his duties. He was taken to Freeport Sanatorium in April, but he gradually became weaker until death released him on Tuesday morning, September 6. Mr. Adsett was preparing to enter university, and spent every moment of his spare time studying with that end in view, and no doubt the strain proved too much for his not too robust constitution. He had a particularly cheery disposition and was a favorite with all who knew him. His funeral on Thursday last was very largely attended, many having come a great distance to pay a last tribute of respect to one who had so endeared himself to the hearts of everyone in the communities where he had lived. Rev. Dr. Spence, the family pastor, conducted a brief service in the home of his brother-in-law, Mr. W. M. Grant, R. R. No. 5, Belwood, after which a public service was held in Mimosa United Church, of which Fred had been a member. Assisting Dr. Spence were Revs. W. J. Booth, Camilla, and R. E. Deeth, of Wesley United Church, Jarvis. Mrs. Earl Hindley sang a solo, "Good Night and Good Morning," which was his favorite with the deceased, who himself was a talented vocalist. The pall-bearers were James Oakes, a cousin; Fred Rowan, Alton; Fred Hamilton, Kingston; Halvey Jessop, Toronto; Alan Wilson, Fergus, High School associates; and Albert Smith, Selkirk, his fellow teacher in Wyevalle and in Jarvis. In addition to the floral offerings from relatives and intimate friends, beautiful floral tributes were sent or brought by Rev. R. E. Deeth and family, Jarvis; J. D. Kenny, Cookstown; Young People and Choir of Wesley Church, Jarvis; pupils of Jarvis Continuation School; staff of Jarvis Technical School; Jarvis School Board; and Mr. and Mrs. Shaver, Gordon O'Neil and A. C. Smith, Jarvis. There remain to mourn the loss of a devoted son and brother, his mother, Mrs. Thos. Adsett; four brothers, Charles, George, William and Thomas; a sister, Mrs. Eramosa; and two sisters, Mrs. James Allan and Mrs. W. Melvin Grant, also in Eramosa Township.

They were proceeding along Ontario Street, when they heard a train whistle, which was travelling towards Freeman. Burt, who was driving the car, immediately applied the brakes, and the car stalled in front of the approaching train. They both jumped out of the stalled car, and Boenesteele fell on his wrist, fracturing it. The train, which is known as the fruit special, was in charge of Conductor Ward and Engineer Hill. Dr. Weaver attended Boenesteele and Chief Smith investigated the accident. The car is a total wreck, and was dragged a distance of over 200 feet.—Gazette.

May Ship Cattle Via Churchill

Cattle from the Prairie Provinces—Manitoba, Saskatchewan and Alberta—may soon be shipped to the British Isles via Churchill, the new seaport terminus of the Hudson Bay Railway. Canadian cattle, bound for the British Isles, are now sent by rail, 2,000 miles from Calgary to Montreal and by sea from Montreal, Halifax or Saint John. In view of the successful shipping of grain to Britain and Europe from the northern seaport, arrangements are being discussed for the shipping of mixed cargoes of both grain and cattle. Canadian cattle exported to the British Isles during the present season of navigation, up to the middle of August amounted to 15,641 head, an increase of 1,156 over the shipments for the corresponding period in 1931.
