Seven Out of Ten Are Victims But Writer Tells How "Uratabs" Bring Swift, Amazing Relief with Renewed Vital Force

I have gone through such periods. Only those who have gone through such periods can possibly realize my great satisfaction when Dr. Southworth's URATABS brought me quick relief. They gave me full praise. Such amazing evidence serves as convincing proof of the power of URATABS to relieve those distressing ailments so often a handicap to those in middle life.  
Overworked, sluggish kidneys, and bladder weakness, bring on so many distressing ailments which so often lead to serious diseases that every sufferer from lameness, pains in back and down through groin, scanty but frequent urination, "getting-up-at-night," nervous irritability and lack of force—should try the amazing value of Dr. Southworth's URATABS at once. Of course you wash it—but is it clean? We're willing to wager that it is. Then you don't simply go through the motions of washing your face as a habit, but because it makes you feel "right" to know that it is clean and because it is pleasing to the people you meet in the course of the day.

Well, then, when you buy stationery for your business, is it not worth while to see that it is printed properly and not to accept printed matter of any kind simply because it is cheap? You wouldn't use jute as a face towel, would you? But it's much cheaper than linen. Business stationery is your "paper face" your personal representative—why not make sure it represents you properly. We will be glad to show you paper and ink samples, specimens of type faces, layouts and estimates. Phone 174. Ask our representative to call. Mail orders promptly filled.
