DID YOU EVER STOP TO THINK?

By Edson R. Walte, Shawnee, Oklahoma
Harmony can do wonderful things for some cities.

Advertising a city is a business—not child's play.

People will go miles to get to a good, live city to trade.

No advertising gives as quick returns as newspaper advertising.

Business comes where it is invited and stays where it is well treated.

A glance through the advertising columns of your newspaper enables you to tell in a few minutes all you want to know, and where to get the service or articles you may need.

Some cities are origin takers; they take what comes to them. Other cities are order getters; they make up their mind what their city needs and then go after it until they get it.

I note in many Oklahoma papers, according to a statement by J. F. Owens, President of the Oklahoma City Chamber of Commerce, that a paved highway bill line circulating that city will be a reality in a few years. This should make other cities sit up and take notice. It is a good plan, as there is no question but the large cities must find ways of diverting through traffic from congested downtown streets to take proper care of the rapidly growing traffic over highways that are routed through cities.

THE INNOCENT BYSTANDER

In shooting frays, very often those engaged escape injury while a bullet wounds some householder just leaving home on an errand, or looking from the window to see if possible the cause for all the fuss. These are not the only occasions when the innocent bystander gets the worst of it.

Family quarrels often cause more pain to those who are obliged to listen, than to the participants. Thick-skinned persons can exchange insults and hardly feel a quail, while the sensitive listener suffers agonies.

A quarrel should be the most exclusive of all things. Quarrel before others is the acme of bad manners. You have no claim to good breeding if you force others to endure discomfort and humiliation because you oblige them to be the witness of your lack of self-control.

Every formula which expresses a law of nature is a hymn of praise to God.—Maria Mitchell.

EXPLAINED

"Do you think your father would object to my calling you Mabel?"
"He might think it a trifle odd. You see, my name is Maud!"

ONE ON THE JUDGE
"You Honor," said the lawyer, "I submit that my client did not break into the house at all. He found the parlor window open, inserted his right arm, and removed a few trifling articles. Now, my client's arm is not himself, and I fall to see how you can punish him for an offense committed only by one of his limbs."
"That argument," said the judge, "is very well put. Following it logically, I sentence the prisoner's arm to one year's imprisonment. He can accompany it or not just as he chooses."
The prisoner calmly unscrewed his cork arm and walked out.

—Just as much fun and a greater chance to make something, was the way one lady compared the Fax Pass contest with the jig saw puzzle craze.

SIMPLE AND ECONOMICAL DESSERTS

By Betty Barclay
Dessert is a treat which leaves us with a pleasant memory of a meal. Quite often this course is a fairly expensive one, particularly when we have company for dinner and feel it necessary to serve something rather elaborate for our last "tasty bite."

In depression days, however, the expensive dessert is out of the question. Really, many of us dispense with desserts of any kind, feeling that our pocketbooks will not stand the strain.

Instead of eliminating the dessert, why not serve some of the inexpensive desserts and thus assure your family that they may continue to enjoy their favorite course? Dessert may serve as a balancer for the rest of the meal. After meat, fish, fowl or eggs have been eaten, a dessert containing milk or fruit has a decided alkaline reaction and serves as an excellent balancer for the acid reaction foods.

Such fruits as apples, raisins and oranges are far from expensive to-day, and milk and sugar are in the same class. Here are three recipes which call for very few foods other than those mentioned. Any of these desserts may be prepared at very little expense:

BAKED APPLE WITH ORANGE (Serves 6)
6 baking apples
Seedless raisins
1/2 cup orange juice
2 tablespoons sugar
Orange slices
Sugar
Quick cooking tapioca
Water

Core apples, leaving cavity at stem end. Stuff cavities with raisins. Add sugar to orange juice and fill any remaining space in cavities with this. Cover cavities each with orange slice dipped in sugar. Add enough water to remaining sugar and orange juice mixture to fill pan halfway. Add 2 tablespoons quick cooking tapioca to each cup water used, putting bits of orange slices also between apples in pan. Bake until apples are tender. The orange makes a very pretty garnish for the apples and adds a delightful flavor.

Lemon slices and lemon juice may be used in place of orange, in which case more sugar will be needed.

SUNFLOWER DESSERT (Serves 1)
With a sharp knife peel orange, reserving all juice. Cut in slices and cut slices in halves. Arrange halved slices in sunflower pattern on dessert plate. Add 1 teaspoon sugar to orange juice. Stir until well mixed and pour over orange slices. Garnish centre of flower with 1 teaspoon of red jelly or shredded dates or seedless raisins. This is a simple dessert children will like especially.

FRUIT BLANC MANGE
1 1/2 cups evaporated milk
1/2 cup sugar
1/4 teaspoon salt
4 tablespoons cornstarch
1 1/2 cups orange juice
1 teaspoon grated orange rind
Heat milk in double boiler. Mix sugar, salt and cornstarch. Blend with part of orange juice. Add remaining juice to hot milk. Add grated rind. Cook until smooth, stirring frequently. If orange juice curdles milk, beat with whirl type beater. Pour into individual serving dishes and chill. If desired to mold, increase cornstarch 1 tablespoon.

—A big celebration was planned in Oakville after the Hamilton game. It is not the first event that has had to be postponed in celebrating hockey victories.

—Little Jimmie Marshall, who received injuries to his eye last week, was able to return home from the hospital last week and is now progressing favorably.

—Oakville meets Woodstock in the final game in the Intermediate O. H. A. finals in Galt on Friday night. We wish them luck and a win for the last Halton County representative.
