22 FEWER SEATS

In the Ontario Legislature - Halton County Will Remain Unchanged by the Redistribution

A reduction of 22 seats in the present Legislature membership of 112—that is down to the 90 seats forecast by Premier Henry in public announcements as early as last December—has been recommended to the House by the Special Redistribution Committee, under the chairmanship of Hon. William Finlayson, Minister of Lands and Forests.

The schedule setting out this redistribution with attendant changes in riding boundaries was tabled in the House when Mr. Finlayson presented his report. The boundaries, however, will not be made public until such time as the schedule is printed and released for distribution among the members.

In a statement to the press, Mr. Finlayson pointed out that the redistribution recommended had been based on a minimum population of 25,000 for a rural riding; and of 50,000 for an urban riding. Effort had been made, he said, to keep to county boundaries where possible. Most of the work of the committee was done, it appears, by a sub-committee comprising Hon. Leopold Macaulay, Minister of Highways, representing the Conservative party; Dr. George A. McQuibban, representing the Liberals; and E. J. Taylor, representing the Progressives.

After two meetings, Mr. Finlayson states, this sub-committee was able to present the schedule which has been adopted unanimously by the main committee and which now is formally and finally before the House proper for endorsement. The schedule follows:

NOT SO SLOW

A young gentleman from the city was passing down a country road when he came across an old dorkie burning off his garden. Determined to have some fun at his expense, he called out:

"Hey Sambo, look out, that place of yours will soon be as black as your arc." And he laughed inordinately at his joke. Then the old dorkie replied:

"Maybe, sah. But jes' wait till the rain comes and it will all be jes' 'bout as green as you are."

Then the young gentleman walked on. That same night the same young gentleman came to grief again. The boarders were at supper, himself being well down the table. At an opportune lull he perpetrated a further witticism, calling on the hostess to pass the milk. "Pass along the cow, Mrs. Smith," quoth he.

"Mary," called Mrs. Smith to the waitress, "take the cow down to where the calf is bjeating."

And the next day the young gentleman returned to town.

Recipes for EASTER

By BETTY BARCLAY

RECIPES for Easter are not as common as for most of our other holidays. Gold, white and purple seem to be the important colors for Easter. Even the slices of hard boiled egg give us two of these colors.

Here is a recipe for a fruit salad which will carry out this color scheme rather well. Such a salad may be accompanied with orange salad straws—the second recipe.

Fruit Salad in Orange Cups

- (Serves 6) 6 large oranges 12 marshmallows, quartered 1 cup diced pineapple 1 cup banana slices

Choose the seedless oranges with deep golden-colored, clean skins. Cut off tops and remove pulp, leaving orange baskets. Flute edges if desired. Combine ingredients, fill orange cups and arrange on lettuce-covered salad plates. Serve with mayonnaise, which has been blended with 1/2 orange juice.

Orange Salad Straws

- 1 cup flour 4 tablespoons shortening 1/2 teaspoon salt 1/2 teaspoon grated orange rind 1 tablespoon sugar

Work fat gently into dry ingredients with finger tips or cut in with pastry cutter. Reserve one-fourth of mixture and add orange juice to rest to make the usual consistency of pie dough. Roll out to about 6 inches in diameter. Spread over about one-third the dry mixture reserved at first, fold it in shape of an envelope, roll again and repeat until dry mixture is used up. On last folding spread 1 tablespoon of butter over dough. Cut into strips of any desired shape and width and bake in a quick oven.
