Give Acton Business Men the First Opportunity

Acton's Prosperity Campaign

Every Citizen of ACTON and District is vitally affected by the amount of money kept circulating at home. Read these editorials with care. The suggestions offered therein, if followed, will banish Depression here. Let this list be your shopping guide.

Dollars Spent in Acton Will Remain Home to Boost

We Should be as Loyal to Our Community as to Our Home

The business men of Acton listed here are representative in the various branches of merchandise in which they serve you. They are conscious of the fact that thousands of dollars annually are being spent by residents of the town and district out of this territory for merchandise which could be bought in Acton.

It is generally assumed that your merchant is the only one who suffers when money is spent in other shopping centres. This is not the case, and it is our intention to show definitely not only that a community as a whole thrives and expands in proportion to the amount of money in circulation therein, but, as well, that each resident is individually effected favorably or otherwise for the same reason.

This movement is no selfish propaganda on the part of these Acton business men who have combined in a co-operative community appeal. These merchants are here to serve you in Acton, and it is urged that you read the brief messages they will give you through these columns each week.

Furthermore, it is suggested that you become acquainted more intimately with your local business men. They are the big taxpayers, and are called upon to help all worth-while community enterprises. Your shopping problems will then become a pleasure and the personal element created by dealing with the man you know assures you satisfaction in all transactions.

The firm resolve to "Give Acton Business Men the first opportunity" will benefit either directly or indirectly every resident of Acton and district.
