FIXED

A small boy was asked to dine at the home of a distinguished professor. His mother questioned him on his return, "You are sure you didn't do anything that was not perfectly polite and gentlemanly?" "Why, no, nothing to speak of." "Then something did happen. Tell me at once," she demanded. "Well, while I was trying to cut the meat it slipped off to the floor. But I made it all right," said the boy. "What did you do?" "Oh, I just said carelessly, 'That's always the way with tough meat.'" "Stop spending our money" should be the real slogan for the American people. —Nicholas Murray Butler.
