County Council Reduces Taxes

(Continued from Page One)

larlo Legislature at its next session enact legislation empowering the Councils of all municipalities to pass by-laws whereby taxes can be levied on all outside concerns in accordance with the amount of business they do in the local municipalities and that taxes be collected from them by way of assessment. Also that municipalities be given the power to exact licenses from outside manufacturers who are now exempt under the Act. That a copy of this resolution be sent to W. E. N. Sinclair, K. C., Member for this riding, and J. Frank Kelly, member-elect for Muskoka, and to all other County Councils, asking for endorsement.

The resolution was endorsed by the Council. The Warden called the attention of the Council to the fact that certain monies had been deposited to the County credit since 1928, previous to the amendment of the Act governing the Good Roads Committee. The amount on deposit was as follows: Burlington \$348.99 Georgetown 199.04 Milton 691.44 Oakville 335.12

Council agreed with the Warden's suggestion that Mr. Smith, County Engineer, be asked to take this matter up with the Department of Highways to find out what use this money may be put to. The Burlington debenture guarantee was again a bone of contention, the argument being mostly between Reeve Theftord and Deputy Reeve Breckon, other members of the Council, for the most part, maintaining a discreet silence. The letter of protest from the Acton Council was read, and Mr. Theftord's first question was "Was it legal for this resolution to be passed?"

Warden: "In the opinion of the County Solicitor it was entirely legal." Mr. Theftord also asked the County Council if other municipalities wanted debentures guaranteed if they would be treated the same as Burlington. Mr. Breckon—You must remember, Mr. Theftord, that Burlington waterworks is a self-sustaining public utility, which is a very different proposition from any improvement which is not a revenue producing concern.

Mr. Hall—I think the \$20,000 which Burlington has saved should be pooled. Mr. Theftord—Certainly—and divided among the municipalities. Mr. Theftord also claimed that the County had everything to lose and nothing to gain by the risk taken in this guarantee.

Mr. Ramshaw—I can't see any reason why the Acton Council should blame you, Mr. Theftord. Mr. Theftord—No, they are not blaming me, but they are blaming you—that is, the County Council.

Mr. Breckon put the onus on Mr. Theftord, saying he should have sent a written objection to the Clerk, falling his inability to be present at the Council meeting.

Mr. Theftord maintained that as he had not been notified that this debenture question was being brought up, he could not, therefore, register his objection. He also asserted that the debenture proposition was like paying a license for a dog and another person keeping it, but if the dog bit anyone, then the owner would be responsible. In this debenture guarantee everything is in favor of Burlington and only the liability for the others.

In answer to Mr. Theftord's question as to how the debenture guarantee would affect the County credit loan at the bank, the Warden admitted he could not give a satisfactory answer. "In that case," retorted Mr. Theftord, "it must be unsatisfactory."

The Education Committee recommended payment of the following accounts: Acton High School \$207.34 Georgetown High School 420.57 Burlington High School 256.88 Milton High School 222.42

It was agreed that the amount of \$770 be deducted from High School requisitions on account of pupils attending who lived in the County and whose parents, having assessment in the town, their children were therefore qualified to attend High School as resident pupils. Council adjourned to meet at the call of the Warden.

A Million Dollar Increase

REAL IRISH

Two Irishmen met during a rainstorm. They argued, and inevitably the argument turned into a fight. For a while Mike got the better of Paddy, then he slipped, and in a moment Paddy was on top of him. "Now, then, me ole son of Oireland," he said, "will ye give in?" "No," said Mike, trying to struggle up. "The fight continued, and once again Paddy gained the upper hand. "Give in now?" he asked. "No!" cried Mike. "Then change places with me," said Paddy. "I'm getting wet keeping the rain off ye."
