# Athletic Meet of Acton High and Public Schools Here Yesterday

Form I. of High School Scores Highest Number of Points and Wins Shield - Margaret Smith, Kay Chapman, Dorothy MacArthur, Jack Blow, Roderick Ryder and Hector Lambert Win Championships - Public School Events Had Contests and Races from 5 to 14 Years.

In spite of the cool dull day, a good crowd of scholars and friends were in attendance at the annual school games in the Park yesterday afternon. All the events were keenly contested and rivalry for first place and attaining high marks in proficiency in all the sports were well striven for. There was also a fine feeling of sportsmanship throughout. All events were over in good time this

year. The High School started some of their trials in the morning, and this enabled completing the program well before dusk. Teachers were assisted in carrying on the program by a committee of citizens.

The following are the results in the Public and High School Events:

# Authorization for Transfer of Property

Given the Local Utilities Commission by the Ontario Hydro Details to be Completed at Once

At the meeting of the Public Utilities Commission last evening, Commissioners L. G. King, R. J. Kerr and Reeve Thetford were present.

The Secretary was, by motion, instructed to pay the following accounts: Hydro Department Chnadian General Electric Co.,

C. N. R., express Sangamo Company Ltd., metre.... 38.42 J. E. Peareen, rent

\$71.12 Waterworks Department Canadian Brass Co., supplies ....... \$43.55 Big A Company Ltd., supplies .... 16.70

Charles Spires, labor .....

Hydro Department, power at spring The purchase of a pipe pusher was

discussed, but it was decided to defer

purchase of this article for the present

The lease submitted by the Commission to the Ontario Hydro Commission was returned. Certain points were drawn to the attention of the Commission, and suggestions made for their inclusion in the lease. The latter from the Ontario Commission gave approval of the local Commission leasing space in the building. Authority was also

given in writing to sell the lot. Commissioner R. J. Kerr drew to the attention of the Commission that provision was made in lease for the caretaker of the building to keep the sidewalk shovelled and the side drive clear of snow. Reeve Thetford refused to ask this of the Board of Governors. and said that if it must be included, that Mr. Kerr would have to request it himself. The matter was then dropped, as it was the desire to complete the lease and transfer of the property.

The Secretary was instructed to send the letters to the Council and the Provisional Board of Governors of the Y. M. C. A., so that the necessary documents could be completed and changes been driven from school. Helen Bonner, made as desired.

The list of arrears was carefully checked and instructions issued for their disposition.

### BUILDING PROGRESS

Bricklayers at Work on New Y. M. C. A. Building - First Floor is Completed and All Material on Hand

Continued good progress is being made on the Murray Memorial Y. M. C. A. building. The front section, with first floor, was completed for the service of Saturday. The steel girders for the two rear sections were placed at the first of the week and the joists along one side laid. This enabled a few bricklayers to go to work on Tuesday on the front and west side of the building. The staff of bricklayers ready to start was, however, delayed until the carpenters could com-

plete their work on the first floor. The cement tile for the gymnasium section, and the Roman cut stone for the sills and front entrance have all been delivered at the building, ready erection. It is expected that the full staff of bricklayers will be on the work possibly by to-morrow. General approval of the fine selection of brick is given and the colors and appearance will make this a very attractive building.

The door and window frames are all delivered and ready for inclusion in the building. All the steel girders for the sesond storey and to carry the roof of the gymnasium are also ready on the

Despite the rather threatening weather, there was; one of the largest crowds in the last few years, and the number of entries was increased considerably. A rather unfortunate accident occurred when a small electric train, which was carrying the children around a track especially built for that purpose, jumped the track. The children were badly shaken up, but not seriously injured. One of the main features of the day was the baby show, under the auspices of the G. W. Robinson Co., of Hamilton. There were 18 entries, with girls and 8 boys. The judges, Mrs. Warner and Miss D. Powis, of Hamilton, had rather a difficult task in deciding the winners. Quite a number from Acton \$162.50 and district were in attendance.
