General regret was expressed when it became known that Mr. H. Sultar, of Caledonia, had been fatally injured in a car accident near Brantford on Monday. His wife was also injured and is in a hospital at Brantford.

Mrs. Sultar was before her marriage, Lillian Black, sister of Mrs. Geo. D. Robertson, Guelph Road.

Much regret and sorrow was felt when the sad news reached this community that one of our esteemed and respected citizens in the person of Ewart N. Sunter, of Ospringle, had passed away on Wednesday morning, October 6th to his sixty-first year.

Mr. Sunter was born on the Sunter homestead, Eramosa, in 1876, and was the youngest son of the late William and Margaret Sunter. In 1901 he was united in marriage to Cecelia Peach, of Rockwood. Two sons, Erett and Harold were born to bless this union.

The mother having died when Harold was an infant. After a period of six years, Mr. Sunter was again united in marriage to Gertrude Baldie, youngest daughter of the late Mr. and Mrs. Charles Baldie. One son Charles Arnold was born to bless this union.

In the earlier part of his life, he was engaged in farming but owing to ill-health came to Ospringle to live. Here they built a lovely home, but only had the privilege of enjoying it for two years when early in June he was taken seriously ill and had to be removed to the Guelph General Hospital, where two operations were performed. He rallied through the operations but did not seem to gain strength, and death was the victor in a long race that had accentuated his battling qualities.

Mr. Sunter was a man of intelligence and took keen interest in the welfare of his country and community, and was well informed on the topics of interest of the day. He possessed a wonderful memory and understanding of what he read also, a lover of clean sport and good music. He was a man of genial disposition, ever ready with the helping hand. Many beautiful flowers banked the casket.

The funeral took place on Saturday and was largely attended. A short service was conducted at the home. After wards the remains were conveyed to the Presbyterian Church, where an impressive service was conducted by Rev. J. Grant, assisted by Rev. J. McLeod, of Everton. During the service two favorite hymns of the deceased, namely "Sometime We'll Understand" and "God's Way is the Best Way," were fittingly sung by Mrs. Henderson and Mrs. Redmond, of Guelph.

After the service the cortege proceeded to Everton Cemetery, where interment took place.

The pall-bearers were Messrs. E. Barber, W. J. Jackson, B. Wilson, Percy Peavoy, Edward Peavoy and A. Baptle.

The flower bearers were Muriel Stewart, Dorothy McKenzie, Norman McKenzie, David Stewart, David Robertson and Clayton Cooke.

Relatives and friends attended the funeral from Toronto, Boston, Georgetown, Michigan, Drayton and Ouseburn. How sweet to sleep where all is peace. Where sorrow cannot reach the breast. Where all life's life throbbing ceases. And pain is hilled to rest.

"WEATHER CLEAR—TRACK FAST" Seventy-two per cent. of all fatalities in Ontario, according to the Department of Highways, occur when the weather is clear and the roads are dry. 70 per cent. of all accidents happen when clear weather conditions prevail, and 86 per cent. when the roads are dry.

The fact that most accidents occur in clear weather and on dry roads may seem surprising at first glance. It will prove less baffling if you remember that speed too fast for conditions is the chief cause of accidents.

Most drivers have learned that they must slow down when weather or road conditions are bad. What they have yet to learn is that a little less speed under all conditions is good driving practice.

MILLIONS OF HOURS ARE LOST BY THOSE WHO "HAVEN'T TIME"

Toronto, October 21st.—Cancellation of membership in "The Haven't Time Club" whose meetings are held in hospitals and cemeteries is urged by the Industrial Accident Prevention Associations in a recent booklet issued to their members throughout Ontario.

"Members of the Haven't Time Club," the booklet points out, "are persons who haven't time to consider the safety of themselves or of others. They go about their daily rounds in a hasty and unplanned manner, refuse to take reasonable precautions for the protection of life and health, yet how when they are hurt through their own thoughtlessness. The club is a world-wide organization made up of a large membership of thoughtless people."

In Ontario's industries, it is estimated, there are over 50,000 "annual memberships" registered on the roster of the club, and members lose more than 20,000,000 hours each year simple because they "haven't time."

The following are examples of members' "activities" carried on in the home as well as the factory and shop, and each points to the obvious moral that "a little forethought can prevent a lot of woe."

1. Starting the day wrong with a "grab-and-run" breakfast.

2. Trying to carry more bundles or parcels than you can reasonably and safely handle is courting trouble.

3. If you stand on boxes or chairs instead of safe ladders to reach a top shelf or hang curtains, you are teetering on the verge of an accident.

4. Eating before you wash your hands; a touchy point with boys can be just as dangerous to adults who fall to take such precautions.

5. The most trivial accidents, beating your thumb with a tack hammer, or even a pin prick, should be given immediate attention and first-aid treatment.

"If you have been a member of this famous Haven't Time Club" drop your membership at once, for the person who takes time to be careful can get more work done in the same time and will be happier in the long run," the I.A.P.A. booklet urges.
