## THE GIBBONS-TREANOR WEDDING ON SATURDAY IN GEORGETOWN

Holy Cross Church, beautifully decorated with Easter lilies and spring flowers, was the scene of a pretty wedding on Saturday morning, April 30th, when Kathleen Beatrice, daughter of Mr. and Mrs. T. W. Tremain, became the bride of Neil William Gibbons, son of Mr. and Mrs. Thomas Gibbons, of Acton, the Rev. Father J. L. McBride officiating at the nuptial mass. The bride, given in marriage by her father, wore a floor-length frock of pale pink sheer, with matching turban and shoulder veil of pink net, and carried a bouquet of blue sweet peas and pink rose buds. She was attended by her sister, Miss Eleanor Tremain, who wore a frock of pastel green marquisette with a chapel of flowers and shoulder veil, carrying a bouquet of spring flowers. The groom was supported by his brother, Mr. Frank Gibbons, of Acton. Mr. Thomas Gibbons, Jr., of Acton, and Mr. Hunter Oulson, of Oustic, acted as ushers. Miss Margaret Tremain, sister of the bride, played the wedding music. At the offertory Miss Mary Galloway, Burlington, cousin of the bride, sang "Ave Maria." During the signing of the register Miss Catherine Cartwright, of Toronto, sang Wiegand's "O Salutaris." The wedding reception was held at the home of the bride's parents, Mrs. Tremain receiving in black crepe with matching garden hat and corsage of pink carnations, assisted by Mrs. Gibbons, who wore navy sheer crepe with hat to match and corsage of white gardenias. On a motor honeymoon through Eastern Ontario, the bride travelled in a sports ensemble of French wool, with roseberry accessories. On their return, Mr. and Mrs. Gibbons will make their home in Acton.—Georgetown Herald

## NEW RAINBOW TROUT WATERS ARE OPENED

Two new pieces of water, one in British Columbia and one in Alberta, but within a few miles of each other, will be opened for rainbow trout fishing this year. The first of these is Kinney Lake, British Columbia, on the west side of Mount Robson, and the second is Lake Adolphus, Alberta, on the north side of the same mountain and only a few yards across the provincial boundary line.

Until these two lakes were stocked with the Kamloops variety of Rainbow trout a few years ago, they were barren waters. But the planting was generous and the development of the young fish far exceeded expectations. The result is that the lakes will be opened this year for fishing and Rainbows exceeding three pounds in weight are guaranteed.

Kinney Lake is the larger of the two waters. It is about two miles long and is fed by numerous streams that cascade from glacial and alpine lake areas into the famous Valley of a Thousand Falls. Its outlet is the Grand Forks River, a tributary of the upper Fraser. Since no attempt is being made to hold the fish to the lake waters, the incoming streams and the Grand Forks will provide excellent fast water fishing.

Lake Adolphus is situated at an altitude of about 7,500 feet on the north side of Mount Robson, within sight of one of the largest glaciers in Canada. It is almost circular in shape and because it does not draw much water from nearby glaciers, it is somewhat warmer than most alpine tarns, but considerably colder, of course, than average eastern lake water. The outlet of this lake leads to the Smoky, which eventually reaches the Arctic by way of the Peace and Mackenzie Rivers.

Because of their altitude these lakes will provide their best fishing from the middle of July to the middle of September.

## Increase in Provincial Grants -- Last Report of Inspector

(Continued from Page One)  
importance, but still no action has been taken. No other expenditure you could make could be so fully justified. Immediate benefits would result from the constant systematic inspection of the physical health conditions of the pupils. Experience throughout the Province has proved that such a service to youth is of inestimable benefit. I content myself with referring you to my previous reports in this connection.  
I do not propose at this time to offer any remarks on the problems of education generally. At some length in my last report I called your attention to some of these and if you are sufficiently interested I suggest that you refer again to that report.  
The enrollment of the school is 267. It may be interesting to point out that twenty-five years ago it was 280, with six rooms. The exhibit of Senior Art this year, under the direction of Miss Young, is exceptionally good, conforming very fully to the new topics in this subject in the new Course of Study. I feel especially commending also the efforts of two of your experienced teachers, Misses Foster and MacMillan, in proceeding towards the necessary higher qualifications for permanent First Class Certificates. Miss Orr has, I believe, the same purpose in mind.  
The new Course of Study for Grades I-VI, has been received by the teachers with general favor. This former prescription of work, not so much in content, but rather in organization and method. The new Course is based more specifically on the immediate needs and capacities of the child at different stages and is intended to place chief emphasis upon the activities of the child rather than the instructional function of the teacher. The flexibility of the curriculum has already made possible such an adaptation to the needs of individual pupils as to show that the new Course will be of much more general profit than a Course that is less elastic in its requirements. I shall be very pleased to receive from you any criticism, favorable or unfavorable, that you desire to offer of the Course as far as you have become acquainted with it in your school.

In conclusion, I bespeak for my successor in office your support and co-operation. I venture to suggest that you invite him to meet you personally occasionally. In such close conference and exchange of ideas you may find mutual benefit in the administration of the affairs of your school. As for myself, I lay down my responsibility with a sense of having sought at least to be of some assistance to your teachers and to present to you the needs of the school, and suggest ways in which you might best serve its highest interests. You have my very best wishes for ever increasing success and prosperity.  
Faithfully yours,  
J. M. DENYES  
The report was received and ordered filed.  
A letter from the Deputy Minister of Education was read in which it was intimated that at present the amount of the grants was not known. It was stated that "it was expected the grants to High Schools would be larger this year."  
The fourth report of the Finance Committee recommended payments of the following accounts:  
Red Jacket Coal Co. \$ 81.81  
Freight C N Railway on coal 186.25  
Duty and excise on coal 37.57  
E. Jones, teaming 22.75  
Acton Public Utilities Commission, services 19.22  
Symon Hardware, supplies 7.35  
\$355.05  
The report was adopted  
The financial report of the Music Festival Association was received 43-3

**THE PUZZLE POEM TO SOLVE THIS WEEK**  
My first is in marsh, but not in a bog,  
My second in shingle, but never in log;  
My third can be found in a lake or a sea,  
My fourth you will find not in nit, but in sea.  
My fifth and my sixth, not in reef, but in shoal,  
My last in a steed, but not in a foal.  
The whole is an edible, and makes a nice feed,  
Be sure to include it this year in your seed.

showed a balance on hand this year of \$251.38.  
The examination supplies as requested by Principal MacRae was approved by the Board.  
Letters were read from Principal MacRae and Miss Jackson in which it was pointed out that teachers salaries had generally increased and for other reasons given they requested an increase in salary this year.  
It was decided to hold a special meeting of the Board in a week when the matter of re-engagement of the teachers would be considered. It was also felt that the full membership of the Board should be present when these decisions were made.

**PRESENTATION TO MRS. G. R. AGNEW AND VERNON AGNEW**  
On Saturday evening members of Knox Ladies' Aid Society met at the Mansie, when the following address was read by Mrs. G. H. Lantz, expressing the appreciation of the work of Mrs. Agnew as Secretary and a member of the Society. The gift was presented Mrs. Agnew, on behalf of the Society, by Mrs. Allan Smith.  
Acton, April 30th, 1938  
Dear Mrs. Agnew:  
It was with feelings of dismay the members of the Ladies' Aid heard you tender your resignation as Secretary. During the years we have worked together we have always found you faithful, a willing worker, sparing neither your time nor your health in doing so. A few of your friends have met here to-night to wish you God speed. We felt we couldn't let you leave us without love and appreciation for the help you have always been in the work of the Ladies' Aid, so we ask you to accept this gift, with our best wishes for your future. We know wherever you are you will lend a helping hand in whatever capacity in church work you find.  
Our best wishes go with you, Mr. Agnew and Vernon, to your new home.  
**KNOX PRESBYTERIAN LADIES' AID.**  
Mrs. Agnew very feelingly replied, and thanked the ladies, Mr. and Mrs. Bennis, for all their kindnesses.  
That same evening the Young People's Society of Knox Church expressed their appreciation of the services of Vernon Agnew and the regret that he is moving with his parents to the new home in Toronto. The following address was read by Norman Wright, and the presentation made by Miss Martha Orr:  
We, the members of the Young People's Guild of Knox Church, learn with deep regret of the intended departure from our midst of your family. We are indeed sorry to let you go, for during your life-long sojourn with us and in particular with the young people of Knox Church, we have learned to appreciate your abilities and your musical talents. You were always willing to help out at any call of need and gave of your best in the interests of the Society. You have brought distinction and honor to the schools of this town, and have reflected that honor upon this Guild and this Church. We know that the future will bestow upon you many more honors as you cultivate your musical abilities and that you perhaps will have an opportunity to visit us again and let us enjoy hearing you and speaking with you. As a slight token of our esteem, and as a mark whereby you, perhaps, may fittingly remember us in true harmony, we ask you to receive this gift from the members of Knox Church Young People's Guild and may it long serve to keep your memory fresh in the minds of the friendships you have formed in our midst.  
Deeply regretting that our connection must be severed, we shall gratefully remember our association in the past, and hope always to be held in pleasant remembrance by you.  
On behalf of the Y. P. Guild,  
Norman Wright, President,  
William Mainprize, Vice-President,  
Marjorie Near, Secretary,  
Rev. H. L. Bennis, Honorary President,
