MORTGAGE SALE

UNDER and by virtue of the power of sale contained in a certain mortgage, which will be produced at time of sale, there will be offered for sale by Public Auction, at the office of W. I. Dick, COURT HOUSE, MILTON

TUESDAY, the 5th day of JULY, 1938 at Three O'clock in the Afternoon, Daylight Saving

ALL AND SINGULAR that certain parcel or tract of land and premises, lying and being in the Township of Nassagaweya, in the County of Halton, and being composed of the East Half of Lot Number Twenty-one, in the First Concession of the said Township, containing by admeasurement 100 acres, be the same more or less.

There are said to be 80 acres under cultivation, some 3 or 4 acres of bush, and the soil is a light loam.

Owing to fires, there are no buildings on the said premises.

The said property is situated 2 miles from a United Church, and 3 miles from a Presbyterian Church.

The property is situated 2 miles from the Guelph Road, 9 miles from Acton, 14 miles from Milton, and 13 miles from Oshawa.

Possession can be given any time after the harvesting of any crops which may now be in the ground and the purchaser will not be entitled to the benefit of any such crops.

The property will be sold subject to reserved bid and to conditions of sale.

TERMS OF SALE—Ten per centum down on day of purchase and the balance, without interest, within 30 days.

Dated at Milton this 14th day of July, 1938

W. I. DICK
Milton, Ontario,
Solicitor for Mortgagee

T. F. CHISHOLM, Auctioneer

CHIMNEY SWIFT RETURNS TO THE SAME NESTING SITE

At least one Chimney Swift prefers to return to the same nesting site each spring. On October 11th, 1936, at Atlanta, Georgia, a Chimney Swift, which was migrating with many others on their way farther south for the winter, was marked with official leg band No. 37-30248. This bird was caught and released at its nest near Sundridge, Ontario, about June 24th, 1937, and it was again captured and liberated at the same nesting location about June 3rd, 1938.

This Swift makes long trips from nesting to wintering ground and vice versa. Comparatively little is known about the wintering ground of the Chimney Swift, but it is believed to be in the northern part of South America. Already many thousands of Chimney Swifts

Acton Loses to Milton and to Hespeler

(Continued from Page One)

muffed one, R. Brush was safe, and scored on a bad throw. Toleska fled out.

In Acton's half, Norm Morton hit safely to centre and went to second on a bad throw. Williams and Anderson both whiffed out. Cripps' hit to centre was dropped by W. Clement and went for two bases, with Morton scoring. Mooney popped out to centre.

And in the ninth, A. Clement walked and got to second on J. Brush's hit, but Brush was out. J. Clement fanned. Sprout hit one to short, and A. Clement tallied another run. Blinco, pinch-hitting for Morkley, was out by Mooney.

Tyler opened the ninth with one to left field and clinched two bases, Pootitt, pinch hitting, advanced Tyler to third, but was out. Bus Morton connected and Tyler scored. A bad throw to first let Morton take an extra base. Waterhouse and N. Morton were both thrown out at first. And so Milton held on to top place with another win of 11-8.

Hespeler won from Georgetown in the other league game on Saturday by 12-0.

It's another sad story to tell to the local fans of the game in Hespeler last night. We would that it was more cheerful, but Johnson, on the mound, for Hespeler, was just too much of a puzzle for the Acton boys, who failed to click with their bats. Bunching four runs in the first innings, the Hespeler boys held a safe margin right through the game. Acton only scored in the sixth innings. Ryder, for Acton, did a good job on the mound, but Hespeler connected solidly when they hit. After the first innings the contest was evenly fought but that lead never was in danger.

It started early when King singled to first and Rung did likewise. Klein's hit was to short, and Armstrong walked, with those boys accounting for the runs. Nightingale hit past second and Wildman to third. Three hits and four runs was, in our estimation, not too good.

Guthrie, R. Morton and Waterhouse had gone out in that order in Acton's half.

Going into the second, Cripps, Williams and Lamb were retired in that order.

Hespeler, in their half, did little better except that Sprung reached second after being walked.

In the third, Bayliss fanned, and Mooney did. Ryder hit nicely to left field, and Guthrie hit to third, and it was fielded perfectly by Stark.

Klein started off Hespeler's section with a hit past second, and Armstrong bunted. Ryder made a wild throw to second and Klein went to third. Nightingale whiffed and Wildman fled out to Mooney. Johnson damaged Acton's cause when he hit to leftfield and scored two runs ahead of him. King fled out to Waterhouse.

In the fourth, Bus Morton fouled out trying to bunt, and Waterhouse was thrown out by Nightingale at second. Cripps was safe on his hit, but Williams sprung him out at second.

Sprung, for Hespeler, in the fourth, hit to Ryder for the put out, and Rung was Mooney's victim. Bayliss missed a pop foul by Stark, but Ryder fielded his hit and threw him out.

The fifth was short and sweet. Lamb and Bayliss both fled out and Mooney went down swinging.

For Hespeler, Klein fled to Williams and Armstrong hit a safety over second. Nightingale's hit was taken by Ryder, and Wildman fanned.

And so to No. 6. Ryder breezed out. Pootitt, pinch hitting for Guthrie, also. It was a late start, but Bus Morton hit a double to left field. Waterhouse placed one in the tall grass, to score Morton and make three bases, but Cripps left him there when his hit was to Stark, at third, for the put out.

Johnson fled out to Waterhouse in Hespeler's half, and King fanned. Sprung was safe on a hit to Williams, and Rung fled out to Williams.

Acton's last chance, the seventh, Anderson, hitting for Williams, was thrown out by second baseman. Nightingale and Lamb fled out to centre and Tyler hitting for Bayliss, went down watching the ball go past. And to bed, at 6-1.

In the other game in the league last night, Oakville defeated Georgetown.

The following is the league standing

Milton	10	7	3
Oakville	9	6	3
Acton	10	4	6
Georgetown	11	4	7
Hespeler	11	4	7

Acton goes to Oakville on Saturday, and Hespeler will be guests of Milton Next Wednesday. Hespeler comes to Acton.

have been banded by ornithologists, in co-operation with both the Canadian and United States Governments, and perhaps banding may ultimately tell all about Chimney Swift travels. Other species of native wild birds have also been banded in great numbers with a view to obtaining exact information relative to their general life histories.

Persons in Canada who find banded birds can help with this important international investigation by reporting the facts to the Controller, National Parks Bureau, Department of Mines and Technical Surveys, who has custody of the records, Ottawa, who has custody of the Canadian bird-banding records.

ON 14th BISLEY TEAM

A member of the shooting team which will represent Canada at the British Empire Rifle Meet, Bisley, this month, is Sgt.-Major George Emalle, of the 48th Highlanders, Toronto. This will mark the 14th time that Sgt.-Major Emalle has crossed to England as a member of the Canadian Bisley team, a record not yet beaten.

Another Puzzle in Rhyme to Solve This Week

By W. COLES

My first is in the wind, but never in the rain.
My second is in every ache, but not in any pain;
My third is in the rolling sea, yet not on any shore.
My fourth you find in plenty, but not in any more.
My fifth in every heap, but not in any pile.
My sixth in inches, and in feet, and also in a mile.
My last is in a rip or tear, you can't find it in mend.
On me, I'm sure it's true, most holidays depend.

TEARS LEAVE MARKS

She was concerned with having her new summer hat set at the precise cock-eyed angle which she considered to be the golden mean of hat angles. And she was concerned lest anything untoward might happen to her new summer suit of sharkskin weave.

Yet sorrow occasionally links arms with everyone, not excepting a pretty girl with a new and beautifully cock-eyed hat and a suit of sharkskin weave. This girl cried in her sorrow.

She was crying as she got into the car. And the one who was driving the car, wishing to speak of other than the girl's sorrow, and noting that a rain-storm was imminent, said "It's lucky you reached the car before the rain started. I suppose the rain would have ruined your fancy things."

"Oh, I wouldn't mind the rain so very much," sobbed the girl, dabbing at her eyes. "Rain wouldn't do any real harm to my clothes. But these plagued tears are very bad for them. Tears leave marks."—The Printed Word.

HEADS TRADE DELEGATION

Sir Earl Page, Deputy Prime Minister of Australia, will head a delegation to Canada late in July to negotiate with the Canadian government for a new trade treaty. At present the Australian delegation is in England negotiating for a similar treaty with the British government.

S. Alban's and S. John's Hold Combined Picnic

The Sunday School picnic of S. Alban's Church, Acton, and S. John's, Rockwood, was held on Saturday at Riverside Park, Guelph. The weather was ideal and the attendance was well over the 200 mark. The children were transported to and from the Park in Mr. Ted Tyler's big truck, the majority of the adults going by private cars. The sports events took place immediately upon arrival and were most efficiently run off by Messrs. Pargeter, Ranney and Webster. They were keenly contested and the source of a great deal of fun, especially the novelty events. Swimming in the Old Mill swimming pool, nearby, was also a popular pastime during the afternoon, and all returned with a good appetite for supper, when two complete sittings were required before all were fed. The ladies felt amply repaid for their work when they saw the supper so thoroughly enjoyed. The sandwiches had been made by Mrs. Cecil Nelles and her assistants and the lemonade by Mrs. Bruce Pargeter. After supper there were more races and games.

The S. Alban's prize list was as follows:

- Race for Girls, under 6—Kathleen Findlay; Joan Tuck.
- Race for Boys, under 6—Gordon Lawson; Monty Ranney.
- Girls, 7 to 10—Joan Pargeter; Annie Leahy.
- Boys, 10 to 12—Harold Robson; Bob Holmes.
- Girls, 10 to 13—Fern Fryer; Lois Fryer.
- Girls, 13 and over—Dorothy Pootitt; Beatrice Taylor.
- Boys, 14 and over—John McHugh; Gordon Gibbins.
- Girls' Peanut Race—Lois Fryer; Alice Taylor.
- Girls' Balloon Race—Barbara Taylor; Anne Holmes.
- Boys' Boot and Shoe Race—Bruce Pargeter; Gordon Gibbins.
- Boys' Cracker Race—Jimmy Atkinson; Bruce Pargeter.
- Teachers' Race—Anne Holmes; Alice Taylor.
- Ladies' Rolling Pin Throwing—Mrs. Tuck; Mrs. McHugh.
- Ladies' Balloon Race—Mrs. Tuck; Mrs. Scriven.
- Men's Three-legged Race—Mr. Brooks and Mr. Ware; Mr. Scriven and Mr. Thompson.
- Men's Clothes Pin Race—Mr. Pargeter; Mr. Thompson.
- Mixed Pie Plate—Mr. and Mrs. Scriven; Mrs. VanWyck and Mr. Thompson.
- Ladies' Ball Throwing—Lillian Fields; Alice Taylor.
- Nail Driving—Mrs. VanWyck; Mrs. Rookes.

Interesting Reports Feature July Institute Meeting

The July meeting of the Acton Women's Institute was held in the Y.M.C.A. Mrs. Wilderpin presiding. After the opening Ode and prayer, the motto was given by Mrs. W. J. Reid, on "History of Canada's Most Famous Beauty Spot, Niagara Falls."

Mrs. G. Lantz gave a full report of the District Annual Meeting, at Brookville. The Acton branch was not in favor of holding the District Annual in one place permanently, but preferred having it in a different place each year. Roll call was answered by "My Birthday Month."

Mrs. Collier, Leader of the Girls' Project, gave a full report of the Girls' Achievement Day in Milton, and how pleased Acton was with the success attained in the first effort.

Miss Donalds McPhail, a pupil in the Project, told how she enjoyed it and of how the activities were made. The bedroom accessories were on exhibit.

It was arranged to hold the annual picnic at Mrs. G. W. Massey's this year in August.

NOT UP TO DATE

"The sun," cried the lecture grandiloquently, "shines ten million times as brightly as any lamp made by man."

"Say, mister," inquired a voice from the rear, "did you ever do any night driving?"

AN EXPERT NEEDED

At a gathering of bishops, a waiter tripped when serving soup and spilt the contents all over one of the divines.

The victim jumped up, stammered, went red, and finally blurted out: "Will some one not in Holy Orders please say something appropriate?"

EARLY CUTTING OF HAY

In recent years hay-making on many farms in Eastern Canada has been earlier than formerly. However, there are too many farmers—particularly in the Maritime Provinces—who are losing money annually by neglecting to get their hay cut early. It is true that grass and clover that has been allowed to mature before being cut can be harvested and stored at a minimum cost. It must be remembered, however, that early cut hay is lower in fibre, richer in protein and much more palatable than hay allowed to mature before harvesting. It is safe to say that thousands of dollars are lost annually through the general practice of cutting hay too late in the season. Early cut hay, properly cured, not only has a higher food value but will greatly reduce the quantity of mill feed required in the rations fed to either horses or cattle.

Gloves should be cut for hay when not more than 25 per cent. of the bloom has turned brown. Alfalfa should be cut when not more than ten per cent. in bloom and timothy when, in full bloom.

If this practice is followed, all the clover hay on the farm will be stored before the timothy is ready to harvest.

The usual practice at the Dominion Experimental Station, Fredericton, is to begin haying the first week in July, states C. F. Bailey, the Superintendent. Not only is the clover ready to harvest but weather conditions are usually more favorable than during the month of August. The meteorological records at Fredericton over a period of twenty-four years show an average of .64 inches less rain and fifteen hours more sunshine in July than in August. The farmers who begin haying relatively early may experience more difficulty in getting it properly cured for storage, even if weather conditions are usually more favorable at this season, but the increased value of the product will more than justify this practice.

RIDDLES

What is the difference between a book and a bird?
One has a tale inside and the other has a tail outside?

Get an O.K. Now!

You'll want to have your Car in first class condition when the Safety Lane comes to Acton. The way to be sure is to have it checked now and do your part to Prevent Accidents. Besides you can have the joy of Trouble-Free Motoring all summer.

The Safety Lane Comes to ACTON Monday, August 8th

From 9.00 a.m. Until Dark

It will be held on Young Street, and all cars will be given the O.K. Stickers that pass the various tests successfully. Mark the date and make a point to be on hand early.

The Safety Lane is made possible in Halton by the efforts of the Halton Garage Operators' Association.

Ascania Goes Aground in St. Lawrence

Carrying 303 passengers and \$1,500,000 in gold, the liner, S.S. Ascania, was grounded off Big Island, in the St. Lawrence River. All passengers were removed from the 14,000-ton vessel, whose forward holds were supported filled with water as a result of the mishap. It was hoped the removing the vessel's cargo by lighters would allow the Ascania to be towed back to Quebec for a survey of the damage.
